Caution Regarding Forward-Looking Statements

FIERACAPITAL

The accompanying Investor Presentation contains forward-looking information, including future-oriented financial information and financial outlooks within the meaning of Canadian securities laws and regulations. Forward-looking information may include comments with respect to Fiera Capital Corporation's ("Fiera") objectives, strategies to achieve those objectives, expected financial results (including those in the area of risk management), and the outlook for Fiera's businesses and for the Canadian, United States and global economies. Such forward-looking statements are typically, but not always, identified by words or phrases such as "believe," "expect," "anticipate," "intent," "estimate," "plan," "may increase," "may fluctuate," and similar expressions of future or conditional verbs, such as "will," "should," "would" and "could." Forward-looking statements also include any other statements that do not refer to historical facts. All such forward-looking statements are made pursuant to the "safe harbour" provisions of applicable Canadian securities laws.

By their very nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific, and the risk that predictions and other forward-looking statements will not prove to be accurate. Do not unduly rely on forward-looking statements, as a number of important factors, many of which are beyond Fiera's control, could cause actual results to differ materially from the estimates and intentions expressed in such forward-looking statements. These factors include, but are not limited to: the economic and financial conditions in Canada and globally; fluctuations in interest rates and currency values; liquidity; significant market volatility and interruptions; the failure of third parties to comply with their obligations to Fiera and its affiliates; the effect of changes in monetary policy; legislative and regulatory developments in Canada and elsewhere, including changes in tax laws; operational and reputational risks; the risk that Fiera's risk management models may not take into account all relevant factors; the accuracy and completeness of information received by Fiera; Fiera's ability to complete and integrate acquisitions and its other growth strategies; changes in accounting policies and methods Fiera uses to report its financial condition and the results of its operations, including uncertainties associated with critical accounting assumptions and estimates; the effect of applying future accounting changes; Fiera's ability to attract and retain key executives; technological developments; fraud by internal or external parties; consolidation in the Canadian investment management sector; competition, both from new entrants and established competitors; judicial and regulatory proceedings; acts of God, such as earthquakes and hurricanes; the possible impact of international conflicts and other developments, including terrorist acts and war on terrorism; the effects of disease or illness on local, national or international economies; disruptions to public infrastructure, including transportation, communication, power and water; and Fiera's anticipation of and success in managing the risks implied by the foregoing. These and other factors may cause Fiera's actual performance to differ materially from that contemplated by forward-looking statements. For more information, see the discussion in Fiera's most recent Annual Information Form.

The preceding list of important factors is not exhaustive. The purpose of forward-looking statements of the nature of future oriented financial information or financial outlook included herein is to provide guidance as to Fiera's expectations and assumptions for certain operations and financial data. Prospective investors should not attribute undue certainty to, or place undue reliance on, such forward-looking statements. The information contained in the Investor Presentation, including any forward-looking statements, has been prepared as December 31, 2013 unless otherwise indicated herein. Fiera does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf except as required by applicable laws. Forward-looking information in this document is based on Fiera's views and the actual outcome is uncertain. Readers should consider the above-noted factors when reviewing this document and any other disclosure made by Fiera.

"With respect to management expectations following the acquisition of Bel Air Investment Advisors LLC ("Bel Air") and Wilkinson O'Grady & Co. ("Wilkinson")(the "Acquisition") and specifically their expectation concerning of the accretion of the Acquisition on the 2014 Adjusted Net Earnings, such expectations are based on information available to management and on certain assumptions, including with respect to the accuracy of the financial information and financial statements of Bel Air and Wilkinson, the level of client assets under management with Bel Air and Wilkinson following the Acquisition, assumptions regarding growth in Bel Air and Wilkinson's assets under management and realization of corporate objectives. Actual results could differ depending on a number of factors, including the ability to retain key personnel at Bel Air and Wilkinson following the Acquisition, the ability to retain clients and assets under management following the Acquisition, negative market conditions and foreign exchange impact. For more information on Bel Air and Wilkinson, please see the Business Acquisition Report and other related filings on the SEDAR website at www.sedar.com

Additional information relating to Fiera, including Fiera's Annual Information Form, can be located on the SEDAR website at www.sedar.com.
