MANAGEMENT INFORMATION CIRCULAR

This Circular is being furnished to holders (the “**Shareholders**”) of the class A subordinate voting shares (the “**Class A Subordinate Voting Shares**”) and class B special voting shares (the “**Class B Special Voting Shares**”, and together with the Class A Subordinate Voting Shares, the “**Shares**”) of Fiera Capital Corporation (“**Fiera Capital**” or the “**Corporation**”) in connection with the solicitation of proxies by management of Fiera Capital for use at the annual general and special meeting of the Shareholders of the Corporation (the “**Meeting**”) to be held at the Centre Mont-Royal, 2200 Mansfield Street, Montréal, Québec, on Tuesday June 2, 2015, at 9:30 a.m. (Montréal time) and any adjournment or postponement thereof.

Information in this Circular is given as of April 21, 2015, except as otherwise indicated herein. Unless otherwise indicated, dollar amounts are expressed in Canadian dollars.

VOTING INFORMATION AND GENERAL PROXY MATTERS

Persons Making the Solicitation

This Circular is being furnished to Shareholders of Fiera Capital in connection with the solicitation of proxies by and on behalf of management of Fiera Capital for use at the Meeting to be held at the Centre Mont-Royal, 2200 Mansfield Street, Montréal, Québec, on Tuesday June 2, 2015, at 9:30 a.m. (Montréal time) and any adjournment or postponement thereof. Proxies are solicited primarily by mail. However, proxies may also be solicited by other means of communication or directly by officers or employees of Fiera Capital, but without additional compensation. Fiera Capital will bear the cost of the solicitation.

Proxy Instructions and Revocability of Proxy

Accompanying this Circular is a form of proxy for use at the Meeting. If you are unable to attend the Meeting in person, please exercise your right to vote by completing the enclosed form of proxy and returning it to the Computershare Investor Services Inc. (the “**Transfer Agent**”) at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1. A form of proxy must be received by the Transfer Agent at or prior to 5:00 p.m. (Montréal time) on May 29, 2015, or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to any such adjourned Meeting. Failure to so deposit a form of proxy will result in its invalidation.

The persons named in the enclosed form of proxy are directors and/or officers of Fiera Capital. **A Shareholder wishing to appoint a person (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the accompanying form of proxy may do so either by inserting such person’s name in the blank space provided in the appropriate form of proxy or by completing another form of proxy and in either case sending or delivering the properly completed and signed form of proxy to the Transfer Agent prior to 5:00 p.m. (Montréal time) on May 29, 2015, or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to any such adjourned Meeting.**

The form of proxy must be executed by the Shareholder or the Shareholder’s attorney authorized in writing, or if the Shareholder is a corporation, the form of proxy should be signed in its corporate name under its corporate seal by an authorized officer whose title should be indicated. A proxy signed by a person acting as attorney or in some other representative capacity should reflect such person’s capacity following such person’s signature and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with Fiera Capital).

On any ballot that may be called for at the Meeting, the persons named in the accompanying form of proxy will vote the Shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing them and, if the Shareholder specifies a choice with respect to any matter to be acted upon on which the holders of such Shares are entitled to vote, the Shares will be voted accordingly. **In the absence of such direction, such Shares will be voted “FOR” in respect of all matters described herein.** The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of the matters identified in the Notice of Meeting accompanying this Circular and with respect to other matters that may properly be brought before the Meeting.

A Shareholder who has given a form of proxy may revoke it prior to a vote being cast pursuant to its authority by an instrument in writing executed by such Shareholder or by such Shareholder's attorney duly authorized in writing or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized and deposited either with the Secretary of Fiera Capital at the head office of Fiera Capital, 1501 McGill College Avenue, Suite 800, Montréal, Québec, H3A 3M8, or at the above-mentioned office of the Transfer Agent on or before the last Business Day preceding the day of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

Advice to Non-Registered Shareholders (or Beneficial Shareholders)

The Notice of Meeting, the Circular and the form of proxy (collectively, the “**Meeting Materials**”) are being sent to both registered and non-registered owners of the Shares (“**Registered Shareholders**” and “**Non-Registered Shareholders**”, respectively). If you are a Non-Registered Shareholder, and Fiera Capital (or its agent) has sent these materials directly to you, your name and address and information about your holdings of Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Shares on your behalf (the “**Intermediary**”).

Only Registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Shareholders are Non-Registered Shareholders because the Shares they own are not registered in their names but are instead registered in the name of the Intermediary through which they purchased the Shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of a broker, custodian, nominee or other Intermediary that the Non-Registered Shareholder deals with in respect of the Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as CDS Clearing & Depository Services Inc.) of which the broker, custodian, nominee or other Intermediary is a participant. In accordance with applicable securities law requirements, Fiera Capital will have distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either: (i) be given a voting instruction form which is not signed by the broker, custodian, nominee or other Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the broker, custodian, nominee or other Intermediary or its service company, will constitute voting instructions (often called a “voting instruction form”) which the broker, custodian, nominee or other Intermediary must follow (Non-Registered Shareholders should follow carefully the instructions provided in the voting instruction form by using one of the described methods provided to vote their Shares); or (ii) be given a form of proxy which has already been signed by the broker, custodian, nominee or other Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the broker, custodian, nominee or other Intermediary. Because the broker, custodian, nominee or other Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with the Transfer Agent at the address and prior to the date and time set forth under the heading “Proxy Instructions on Revocability of Proxy” in this Circular.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should, in the case of a form of proxy, strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided, or in the case of a voting instruction form, follow the instructions provided by his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be. In either case, a Non-Registered Shareholder should carefully follow the instructions of his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be, including those regarding when and where the proxy or voting instruction form is to be delivered.

A Non-Registered Shareholder who wishes to revoke a waiver of the right to receive Meeting Materials and to vote his or her Shares, change his or her vote or revoke a voting instruction form must, in sufficient time in advance of the Meeting, provide written notice to his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be, and follow the instructions provided by such broker, custodian, nominee or other Intermediary or service company.

Voting Securities and Principal Holders of Voting Securities

As at April 21, 2015, there were 48,811,231 Class A Subordinate Voting Shares and 20,022,638 Class B Special Voting Shares issued and outstanding.

Class A Subordinate Voting Shares and Class B Special Voting Shares each carry one vote per share for all matters other than the election of Fiera Capital's board of directors (the "**Board of Directors**"). With respect to the election of directors, the holders of Class A Subordinate Voting Shares are entitled, voting separately as a class, to elect one-third (rounded up to the nearest whole number) of the members of the Board of Directors (the "**Class A Directors**"), while holders of Class B Special Voting Shares are entitled, voting separately as a class, to elect two-thirds (rounded down to the nearest whole number) of the members of the Board of Directors (the "**Class B Directors**"). Both classes of directors shall serve the same term of office and shall be equal in all respects.

As at April 21, 2015, Fiera Capital L.P. ("**Fiera LP**") is the only holder of Class B Special Voting Shares. Gestion Fiera Inc./Fiera Holdings Inc. (formerly Fiera Capital Inc.) ("**Fiera Holdings**"), as general partner of Fiera LP, determines how the Class B Special Voting Shares owned by Fiera LP will be voted. As at April 21, 2015, (i) Arvestia Inc. ("**Arvestia**"), which is controlled by DJM Capital Inc. ("**DJM**"), a company indirectly controlled by Jean-Guy Desjardins, owns approximately 63.65% of the issued and outstanding shares of Fiera Holdings; and (ii) Desjardins Société financière inc. ("**DSF**") owns approximately 36.35% of the issued and outstanding shares of Fiera Holdings. DSF is an indirect wholly-owned subsidiary of Fédération des caisses Desjardins du Québec ("**Desjardins**"). Pursuant to a unanimous shareholders' agreement of Fiera Holdings, as long as Fiera LP shall be entitled to elect two-thirds of the members of the Board of Directors of Fiera Capital, DSF shall be entitled to appoint two of the eight directors of Fiera Capital that the holders of Class B Special Voting Shares are entitled to elect. In order to maintain the rights described above, DSF is required to maintain a minimum ownership level in Fiera Capital and a specified minimum level of assets under management managed by Fiera Capital. Fiera Capital also entered into an investor rights agreement with the National Bank of Canada ("**National Bank**") on April 2, 2012, concurrent with the closing of the acquisition of substantially all of the assets of Natcan Investment Management Inc. ("**Natcan**") from National Bank (the "**Natcan Transaction**"), pursuant to which, among other things, National Bank is entitled to appoint two of the four directors of Fiera Capital that the holders of Class A Subordinate Voting Shares are entitled to elect, as long as National Bank holds, directly or indirectly, at least 20% of the outstanding Class A Subordinate Voting Shares and Class B Special Voting Shares, together, on a non-diluted basis.

The Class A Subordinate Voting Shares are "restricted securities" within the meaning of relevant Canadian regulations respecting securities in that they do not carry equal voting rights as those attached to the Class B Special Voting Shares with respect to the election of directors. Prior to the Class B Termination Date (as defined below), the Class B Special Voting Shares are convertible into Class A Subordinate Voting Shares on a one-for-one basis, at the option of the holder. A Class B Special Voting Share will be automatically converted into one Class A Subordinate Voting Share when such Class B Special Voting Share is sold, assigned or transferred by Fiera LP to any person. On the 20th day following the Class B Termination Date, all outstanding Class B Special Voting Shares will be converted into Class A Subordinate Voting Shares (and the name of the Class A Subordinate Voting Shares will change to common shares). In the aggregate, the voting rights associated with the Class B Special Voting Shares represented, on April 21, 2015, approximately 29.3% of the voting rights attached to all of the issued and outstanding voting securities of Fiera Capital.

The "**Class B Termination Date**" means the earlier of the following dates:

- (a) the date that is 90 days after the date Fiera LP ceases to own and control a number of Class B Special Voting Shares and Class A Subordinate Voting Shares acquired as a result of the exercise by Fiera LP of its rights under the investor agreement dated September 1, 2010 between Fiera Holdings and Fiera Capital (the "**Investor Agreement**") that is at least 20% of the total number (rounded down to the nearest whole number) of issued and outstanding Class A Subordinate Voting

Shares and Class B Special Voting Shares in circumstances where Fiera LP has not, during such 90 day period, acquired a sufficient number of Class A Subordinate Voting Shares or additional Class B Special Voting Shares such that the total number of (x) Class A Subordinate Voting Shares acquired by Fiera LP during such 90 day period, (y) Class A Subordinate Voting Shares acquired as a result of the exercise by Fiera LP of its rights under the Investor Agreement, and (z) Class B Special Voting Shares owned and controlled by Fiera LP is at least 20% of the total number (rounded down to the nearest whole number) of Class A Subordinate Voting Shares and Class B Special Voting Shares that are issued and outstanding at the applicable time; and

- (b) the date that any person who is not (i) an employee, officer or director of Fiera Capital; (ii) Jean-Guy Desjardins; or (iii) DSF or any other subsidiary corporation or other entity that is wholly-owned, directly or indirectly, by Fédération des caisses Desjardins du Québec, where DSF or such other subsidiary corporation or other entity acquires, directly or indirectly, control of Fiera LP, in each case pursuant to the Fiera Shareholders Agreement (as defined below), after the death of Jean-Guy Desjardins or as a result of the exercise by DSF or such other subsidiary corporation or other entity of its rights to acquire a direct or indirect interest in Fiera LP, (any such person, a “**Manager**”), or who is not a Permitted Transferee (as defined below) of a Manager, acquires control of Fiera LP; for purposes hereof, an acquisition of control of Fiera LP will occur if a person, other than a Manager or a Permitted Transferee of a Manager, acting alone or jointly in concert with others, (x) acquires, directly or indirectly, beneficial ownership of, or control or direction over, equity or voting interests in Fiera LP which, together with any voting interests beneficially owned or controlled by such person prior to such date, represent 50% or more of the issued and outstanding equity or voting interests of Fiera LP, or (y) otherwise acquires, directly or indirectly, whether by contract or otherwise, the right to control the affairs of Fiera LP.

The term “**Fiera Shareholders Agreement**” means the amended and restated agreement between, *inter alia*, Arvestia and DSF (or any other subsidiary corporation or other entity that is wholly-owned, directly or indirectly, by Desjardins) which deals with, *inter alia*, the direct or indirect interests of such parties in Fiera Capital or Fiera LP, as such agreement may be amended, supplemented, replaced, restated, or otherwise modified from time to time. The term “**Permitted Transferee**” means (i) a corporation controlled by the Manager; (ii) a trust of which the Manager is a trustee that has been established for the benefit of the Manager and/or one or more members of the Manager’s immediate family; or (iii) in the event of the death of a Manager, the Manager’s estate, provided, however, that such estate will be a Permitted Transferee only for the period during which such estate is permitted to hold such equity or voting interests under the limited partnership agreement among the limited partners or under any replacement agreement entered into as part of an Internal Reorganization. The term “**Internal Reorganization**” means any dissolution, amalgamation, share exchange, rollover, reorganization or other similar transaction that does not result in a change in persons who ultimately, directly or indirectly, own and control the Class B Special Voting Shares.

On September 1, 2010, upon closing of an arrangement involving Sceptre Investment Counsel Limited (“**Sceptre**”) and Fiera Holdings (the “**Arrangement**”), Computershare Trust Company of Canada, as trustee for the benefit of holders of Class A Subordinate Voting Shares, and certain persons with direct and indirect interests in Class B Special Voting Shares, entered into a coattail agreement (the “**Coattail Agreement**”). The Coattail Agreement contains provisions having the effect of preventing transactions that otherwise would deprive the holders of Class A Subordinate Voting Shares of rights under applicable provincial take-over bid legislation to which they would have been entitled if the Class B Special Voting Shares had been Class A Subordinate Voting Shares.

Principal Investors Agreement and Voting Arrangements/Put Option Agreements

DSF, National Bank, DJM, Arvestia, Fiera Holdings and Fiera LP entered into a principal investors agreement dated as of April 2, 2012 (the “**Principal Investors Agreement**”) and a voting arrangements/put option agreement was entered into on such same date between Jean-Guy Desjardins and National Bank (the “**Voting Arrangements Agreement**”), each of which became effective on closing of the Natcan Transaction.

DSF Option

Under the Principal Investors Agreement, DSF has the option (the “**DSF Option**”) during the four-year period following the closing of the Natcan Transaction to sell its direct or indirect holdings in Fiera Capital to

National Bank and Arvestia. In the event DSF elects to exercise the DSF Option, Arvestia shall have the option, but not the obligation, to purchase all or a portion of the Class A Subordinate Voting Shares and Class B Special Voting Shares held by DSF that are subject of the exercise of the DSF Option and National Bank will be required to purchase the lesser of (i) 75% of the Class A Subordinate Voting and Class B Special Voting Shares held by DSF that are subject to the exercise of the DSF Option and (ii) the number of Class A Subordinate Voting Shares and Class B Special Voting Shares held by DSF that are subject of the exercise of the DSF Option and that Arvestia has not purchased, provided that the aggregate number of Shares subject to the DSF Option shall be limited to 6,257,960 (to be adjusted for stock splits, stock consolidations, stock dividends and similar events). The DSF Option may be exercised in whole at any time during the four-year term or in part from time to time during such term. The Class B Special Voting Shares sold pursuant to the DSF Option will be converted into an equal number of Class A Subordinate Voting Shares prior to their transfer in accordance with the terms of the Articles of Fiera Capital.

The price payable for DSF's Shares upon exercise of the DSF Option will be equal to 95% of the market price of the Class A Subordinate Voting Shares as determined in accordance with Multilateral Instrument 62-104 – *Take-Over Bids and Issuer Bids* (the “**Market Price**”). In the event of a sale of DSF's indirect interest in Fiera Capital to Arvestia under the DSF Option, DSF shall transfer to Arvestia its Fiera Holdings shares and Fiera LP units corresponding to such indirect interest. If Arvestia does not consent to the purchase of at least 25% of DSF's Class A Subordinate Voting Shares and Class B Special Voting Shares held indirectly through Fiera LP, such Shares can be sold to a third party for a period of 90 days. As part of the DSF Option, for a corresponding period of four years, where DSF introduces a third party who wishes to purchase all of DSF's participation pursuant to a bona fide offer at the Fiera Holdings level and thus benefit from the rights and be subject to the obligations of the Fiera Holdings holding structure, DSF must provide Arvestia and National Bank with the identity of such third party and the material economic terms of the offer and Arvestia and National Bank must approve such third party. Such consent or refusal must be provided to DSF by Arvestia within 10 days following the delivery by DSF to each of Arvestia and National Bank of the identity of such third party and the material economic terms of the offer and, if applicable, by National Bank within two business days following the consent given by Arvestia. In the event that Arvestia refuses such third party, taking into consideration its commercial interests and such consent or refusal not to be unreasonably withheld, DSF shall be entitled to exercise the DSF Option for a cash consideration equal to 100% of the price offered by the third party, subject to a maximum price equal to the Market Price. In the event that Arvestia has consented to such third party, then National Bank may refuse such third party, in its entire discretion. If National Bank refuses such third party, DSF shall be entitled to exercise the DSF Option but as to 100% to National Bank for a cash consideration equal to 100% of the price offered by the third party, subject to a maximum price equal to 115% of the Market Price. In circumstances where Jean-Guy Desjardins exercises the JGD Put Right (as described below), DSF will be obligated to offer for sale all of its indirect interest in Fiera Capital then held by DSF for a cash consideration equal to the Market Price. Such mandatory exercise by DSF extends beyond the four-year term applicable to the DSF Option but to the extent that DSF has exercised the DSF Option, in whole or in part prior to the exercise of the JGD Put Right, the following provisions shall be applicable:

- (a) if the DSF Option has been exercised in respect of all of the 6,257,960 Class A Subordinate Voting Shares and Class B Special Voting Shares directly or indirectly owned by DSF and Arvestia has declined to purchase at least 25% of such shares offered to it, this put obligation shall be restricted to the portion not previously accepted by Arvestia and Arvestia shall have the option to purchase, in whole or in part, the previously unaccepted Fiera Holdings shares and Fiera LP units; provided, however, that the option of Arvestia is not on an exclusive basis and DSF shall be entitled to offer its interest in Fiera Capital to any other party and may accept any offer to purchase from such other party provided that the price to be paid by a third party is the same or greater than the price for which such interest would be sold to Arvestia if Arvestia accepts the offer from DSF;
- (b) if the DSF Option has been exercised for only part of the 6,257,960 Class A Subordinate Voting Shares and Class B Special Voting Shares, then the put obligation shall be applicable to Arvestia, at its option in whole or in part, for 100% of the unexercised portion and the portion not previously accepted by Arvestia, and to National Bank for the lesser of (i) 75% of the unexercised portion and (ii) the number of Class A Subordinate Voting Shares and Class B Special Voting Shares represented by the unexercised portion that Arvestia has not purchased, under the same conditions as described above;
- (c) if the DSF Option has been exercised for all or part of the 6,257,960 Class A Subordinate Voting Shares and Class B Special Voting Shares directly or indirectly owned by DSF, and within 90 days of the closing of the purchase under the DSF Option the JGD Put Right is exercised, then Arvestia shall be obligated to

pay to DSF in cash an amount (not to exceed in the aggregate 115% of the Market Price) equal to the lesser of:

- (i) 5% of the Market Price determined for the DSF Option multiplied by the number of Shares purchased by National Bank and Arvestia pursuant to the exercise of the DSF Option (the “**Sold Shares**”); and
 - (ii) the difference, if positive, between (A) the aggregate amount of proceeds DSF would have received had the Sold Shares been sold pursuant to mandatory exercise by DSF of its obligation to offer to sell Shares following the exercise of the JGD Put Right; and (B) the aggregate amount of proceeds DSF received for the Sold Shares under the DSF Option; and
- (d) Arvestia shall be obligated to close the purchase of any interest in Fiera Capital from DSF and Jean-Guy Desjardins/DJM and to make any cash payment to DSF required pursuant to the above paragraph concurrently with the closing of the purchase by National Bank from Jean-Guy Desjardins /DJM.

For greater certainty, the DSF Option shall apply only to 6,257,960 Shares in the aggregate. The conditions of the DSF Option and the JGD Put Right (as defined below) provides that their holders may not exercise the options if they are in possession of material information not known to the public and that the exercise price of the DSF Option and the JGD Put Right (as defined below) shall not exceed, as at the date of exercise of the DSF Option or the JGD Put Right, as the case may be, 115% of the Market Price of the Class A Subordinate Voting Shares as determined in accordance with Multilateral Instrument 62-104 – *Take-Over Bids and Issuer Bids*, on such date. The grant of the DSF Option and the JGD Put Right and the sale of the underlying shares thereof shall be in accordance with applicable securities legislation, including, without limiting the generality of the foregoing, any disclosure requirements regarding early warning statements, insider reporting and material change reports. In order to maintain the rights described above, DSF is required under the Principal Investors Agreement to maintain certain specified (i) ownership levels in; and (ii) assets under management managed by Fiera Capital.

JGD Put Right

Pursuant to the Voting Arrangements Agreement, in the event of a disagreement between Jean-Guy Desjardins and National Bank in connection with Extraordinary Business (as defined below) subject to shareholder approval, such that Jean-Guy Desjardins, subject to certain conditions, elects to exercise his put rights under the Voting Arrangements Agreement (the “**JGD Put Right**”) and delivers an irrevocable written notice of sale (the “**Notice of Sale**”) of his intention to sell for cash all Class A Subordinate Voting Shares and Class B Special Voting Shares then indirectly owned by DJM through Fiera LP, National Bank will be required to purchase 75% of these Class A Subordinate Voting and Class B Special Voting Shares converted to Class A Subordinate Voting Shares (collectively, the “**Offered Class A Subordinate Voting Shares**”), subject to the completion of certain steps, rights and conditions. As mentioned above, if Mr. Desjardins issues the Notice of Sale, DSF shall be obliged to give a concurrent notice of sale of all of the Class A Subordinate Voting Shares and Class B Special Voting Shares then indirectly owned by DSF through Fiera LP to National Bank and Arvestia, provided the obligation of National Bank to acquire Shares from DSF pursuant to the DSF Option and pursuant to DSF’s sale obligations following the exercise of the JGD Put Right shall not exceed 4,693,470 Shares. If in connection with the JGD Put Right Arvestia purchases shares in its share capital from DJM, Arvestia shall exercise its option to purchase Shares from DSF proportionately as between Mr. Desjardins and DSF.

The Voting Arrangements Agreement also provides for the voluntary conversion by Fiera LP of all remaining Class B Special Voting Shares upon the closing of the purchase by National Bank of 75% of the shares of Fiera Capital indirectly held by DJM pursuant to the JGD Put Right (being equal to 8,994,642 Shares as at the date hereof; 75% of such shares being equal to 6,745,981 shares on the date hereof). The Class B Special Voting Shares sold pursuant to the JGD Put Right will be converted into an equal number of Class A Subordinate Voting Shares prior to their transfer in accordance with the terms of the Articles of Fiera Capital. “**Extraordinary Business**” for purposes of the Voting Arrangements Agreement means any matter that comes before the shareholders other than (i) the election of the Board of Directors’ members; (ii) the approval of the Corporation’s auditors; (iii) any transaction out of the ordinary course of business in relation to the conduct of business of the Corporation with (directly or through any affiliate) DSF, a bank, trust company, credit union, insurance company or any other financial institution engaged in activities of similar nature to those of a bank, trust company, credit union, or insurance company (including any acquisition, strategic partnering and the acquisition or creation of mutual funds to

be distributed under a prospectus); and (iv) any other matter out of the ordinary course of business in relation to the conduct of business of the Corporation that would require the prior approval or consent of DSF (or an affiliate) pursuant to any agreement between Jean-Guy Desjardins (or an affiliate) and DSF (or an affiliate) entered into subsequent to the execution of the Voting Arrangements Agreement.

The purchase price of the shares pursuant to the JGD Put Right and the shares then indirectly owned by DSF through Fiera LP shall be equal to the Market Price of the Class A Subordinate Voting Shares as determined in accordance with Section 1.11 of Multilateral Instrument 62-104 - *Take-Over Bids and Issuer Bids* on the date of the delivery to National Bank and Arvestia of the Notice of Sale. The purchase price will be payable as follows: (a) 50% cash at closing and 50% in the form of a promissory note payable one year from closing and bearing interest, payable quarterly, at the National Bank one-year Guaranteed Investment Certificate rate; or (b) in the case of Mr. Desjardins, at his discretion, in lieu of the cash and the promissory note, in whole or in part, subject to the Toronto Stock Exchange (“TSX”) approval, freely tradable (subject to customary resale restrictions under applicable securities laws) common shares of National Bank; provided that DSF will receive its consideration concurrently with receipt by Mr. Desjardins and DJM of their consideration, if such consideration is cash or National Bank common shares, and if DJM is receiving at closing more than 50% of the aggregate purchase price payable to it, including by receipt of National Bank common shares, then DSF will be entitled to receive at closing such greater percentage of the purchase price.

Upon the closing of the purchase and sale of the Offered Class A Subordinate Voting Shares by Mr. Desjardins to National Bank pursuant to the exercise of the JGD Put Right, certain events shall occur, including:

- (a) Mr. Desjardins and all his related entities shall enter into a non-compete and non-solicitation agreement for the benefit of National Bank, Fiera Capital and their affiliates; and
- (b) all Class B Special Voting Shares will be voluntarily converted by Fiera LP into Class A Subordinated Voting Shares on a one-for-one basis.

If Arvestia declines to purchase at least 25% of the interest offered to it from DSF (or Jean-Guy Desjardins), then DSF, Jean-Guy Desjardins and DJM shall continue to hold their remaining indirect interests in Fiera Capital through Fiera LP and DSF’s rights under the amended and restated limited partnership agreement regarding Fiera LP dated as of April 2, 2012, as amended from time to time, the unanimous shareholders’ agreement governing Fiera Fiera Holdings and the agreements entered into by DSF in connection with the Natcan Transaction, including tag along rights but excluding the DSF Option shall continue to apply to DSF’s remaining indirect ownership of Shares, if certain conditions are met or subject to certain adjustments.

- (b) Jean-Guy Desjardins will vote and cause Fiera LP to vote, at all annual and special meetings of shareholders to elect Board members, all shares held directly or indirectly, or controlled by Jean-Guy Desjardins in favour of the election of the two National Bank nominees; and

As described under the heading "Voting Securities and Principal Holders of Voting Securities" on page 3 of this Circular, the holders of Class A Subordinate Voting Shares and the holders of Class B Special Voting Shares are entitled, voting separately as class to elect one-third (four of the twelve directors) and two-thirds (eight of the twelve directors), respectively, of the members of Fiera Capital's Board of Directors. The articles of Fiera Capital provide that the Board of Directors will have twelve members. The term of office of each director will expire upon the next annual election of directors or the election of his or her successor unless he or she resigns from office or his

or her office becomes vacant by death, removal or other cause. At the Meeting, there will be a separate vote (at which only the holders of Class A Subordinate Voting Shares will be entitled to vote) in respect of the election of each of the four nominees referred to below as Class A Directors, and a further separate vote (at which only the holders of Class B Special Voting Shares will be entitled to vote) in respect of the election of each of the eight nominees referred to below as Class B Directors. As provided for in the enclosed form of proxy or voting instruction form, the Shareholders may vote for each director individually, subject to the particularities described under the heading “*Voting Securities and Principal Holders of Voting Securities*”. Moreover, on March 20, 2013, the Board of Directors adopted a majority voting policy, which is described under the heading “*Majority Voting Policy*” on page 16 of this Circular.

Each of the nominees listed below is currently a director of Fiera Capital and each nominee is proposed to be elected as a director of Fiera Capital to serve until the termination of the next annual meeting of shareholders or until his or her successor is elected or appointed.

It is not contemplated that any of the nominees will be unable to serve as director, or for any reason will become unwilling, but if that should occur for any reason prior to the election, the persons named in the enclosed proxy reserve the right to vote in their discretion for other nominees, unless the shareholder has specified that his, her or its Shares are to be withheld from voting on the election of directors.

Majority Voting Policy

On March 20, 2013, the Board of Directors adopted a policy providing that, in an uncontested election of the directors, any nominee for whom the number of “abstentions” from voting exceeds the number of votes “for” his election must submit his resignation to the Board of Directors immediately after the annual meeting of shareholders. The Governance Committee then promptly considers the resignation submitted by such director and recommends to the Board of Directors whether to accept the tendered resignation or to reject it. The Board of Directors makes its final decision in this regard and announces it by press release within 90 days of the annual meeting of shareholders. A director who submits his resignation in accordance with this policy does not attend any of the meetings of the Board of Directors or the Governance Committee at which his resignation is reviewed. A copy of the majority voting policy adopted by the Board of Directors is attached to this Circular as Appendix “A”.

AMENDMENTS TO SECURITY BASED COMPENSATION PLANS

Amendments Requiring Shareholder Approval

The Corporation's security based compensation plans (the "**Security Based Security Based Compensation Plans**"), which are further described herein under the section "Statement of Executive Compensation", are used to both support the Corporation's growth through acquisitions by the Corporation of other industry participants as well as to attract and retain senior key employees. In the context of acquisitions, the Security Based Compensation Plans are used to retain the designated senior key employees and as a way to incentivize such employees to remain with the Corporation on a medium and long term basis following the closing of the transaction. Given that acquisitions are an essential part of the Corporation's growth strategy and the importance of retaining employees due to the nature of the Corporation's business, in the past years, a significant number of grants have been made by the Corporation under the Security Based Compensation Plans in the context of acquisitions and to otherwise incentivize employees. As at April 21, 2015, the aggregate number of Class A Subordinate Voting Shares authorized for issuance under all the Security Based Compensation Plans was 6,719,707, representing approximately 9.76% of all issued and outstanding Class A Subordinate Voting Shares and Class B Special Voting Shares. As at April 21, 2015 a combined balance of 881,431 Class A Subordinate Voting Shares remained available for future grants under such plans.

As the Security Based Compensation Plans are used to both support the Corporation's growth through acquisitions as well as to attract and retain senior key employees, the Board of Directors approved on April 21, 2015, subject to Shareholders' approval, an increase in the combined number of Class A Subordinate Voting Shares available for issuance under such plans from 6,719,707 to 8,119,707, to allow for an increase in possible future grants. This increase will bring the proportion of Class A Subordinate Voting Shares available for issuance under the plans up to 11.8% of outstanding Class A Subordinate Voting Shares and Class B Special Voting Shares in the aggregate.

The proposed increase in the number of Class A Subordinate Voting Shares available for issuance under the Security Based Compensation Plans represents an additional 1,400,000 reserved Class A Subordinate Voting Shares. As approved by the Board of Directors, the additional number of reserved shares will be allocated among two of the Security Based Compensation Plans as follows: 400,000 for the PSU Plan (as defined herein) and 1,000,000 for the PSU Plan Applicable to Business Units (as defined herein). Such an increase requires Shareholders' approval pursuant to Section 613(i) of the TSX Company Manual, as the PSU Plan and the PSU Plan Applicable to Business Units provide for a fixed amount respectively of 325,000 and 2,000,000. If the proposed increases are approved by the Shareholders, the aggregate number of shares reserved for issuance under the PSU Plan and the PSU Plan Applicable to Business Units will respectively be 725,000 and 3,000,000.

The following table provides the number of Class A Subordinate Voting Shares currently available for issuance under the Security Based Compensation Plans and illustrates the changes in such figures if Shareholders were to approve the proposed increase in the level of Class A Subordinate Voting Shares available for issuance under each of the PSU Plan and the PSU Plan Applicable to Business Units:

Total	6,719,707	881,431	9.76%	1,400,000	8,119,707	2,281,431	11.80%

Notes:

- ⁽¹⁾ The number of issued and outstanding shares as at April 21, 2015 was 68,833,869.
- ⁽²⁾ Although the TSX authorized Fiera Capital to issue up to 707,863 CWM RSUs, the grant of CWM RSUs under the CWM RSU Plan can only be made to the CWM Employees. Therefore, Fiera Capital will not issue additional CWM RSUs under the CWM RSU Plan other than to meet its obligation of crediting CWM Participants with dividend equivalents.
- ⁽³⁾ For the RSU Plan and the PSU Plan, participant may request to receive up to 50% of vested RSUs or PSUs, as the case may be, in cash, with the remaining RSUs or PSUs, as the case may be, being paid by issuance of Class A Subordinate Voting Shares.
- ⁽⁴⁾ Currency conversion rate for US participants is 1.2675 which is the US dollar to Canadian dollar conversion rate effective March 30, 2015.
- ⁽⁵⁾ Based on an estimate of the number of Class A Subordinate Voting Shares required to meet the Corporation's compensation commitments under the PSU Plan Applicable to Business Units, by dividing the grant value by the volume weighted average trading price of the Class A Subordinate Voting Shares calculated on the last five trading days preceding the grant. This estimation assumes that the Corporation makes all payments by way of issuance of Class A Subordinate Voting Shares.

As illustrated in the table above, as at April 21, 2015, a balance of -18,353 Class A Subordinate Voting Shares remains available for issuance under the PSU Plan. This negative balance is due to the fact that on May 21, 2014, 68,200 performance share units ("PSUs") were granted to a key employee of a subsidiary of the Corporation under the PSU Plan Applicable to Business Units and on March 18, 2015, the Board of Directors approved a conversion of such PSUs from the PSU Plan Applicable to Business Units to the PSU Plan (the "**Converted PSU Grant**"). This was done in order to adapt the security based compensation of such employee to the evolution of his role within the Corporation. The aggregate value of the PSUs granted was \$818,400, representing a value of \$12 each, and such PSUs shall vest over a five year period (20% per year). Following such conversion, if all PSUs outstanding under the PSU Plan were fully exercised and settled by way of issuance of Class A Subordinate Voting Shares, the estimated number of Shares issued would be 343,353. As this exceeds the current plan limit of 325,000 Class A Subordinate Voting Shares reserved for issuance, until such time as the PSU Plan limit is increased to 725,000 as proposed herein, Shareholder ratification of the Converted PSU Grant is required. Should the Shareholders not ratify the Converted PSU Grant, such grant will be cancelled.

As previously mentioned, the Board of Directors' approval of the increase in the level of Class A Subordinate Voting Shares available for issuance under each of the PSU Plan and the PSU Plan Applicable to Business Units is subject to Shareholders' approval, as is the ratification of the Converted PSU Grant.

Attached as Appendix “D” of this Circular is the ordinary resolution of the Shareholders to be considered at the Meeting to approve the increase in the number of shares reserved for issuance under the PSU Plan by an amount of 400,000 and to ratify the Converted PSU Grant (the “**PSU Plan Resolution**”). The ordinary resolution of the Shareholders to approve the increase in the number of shares reserved for issuance under the PSU Plan Applicable to Business Units by an amount of 1,000,000 (the “**PSU Plan Applicable to Business Units Resolution**”), also to be considered at the Meeting, is attached hereto as Appendix “E”.

To be adopted, the PSU Plan Resolution and the PSU Plan Applicable to Business Units Resolution each need to be approved by a majority of the votes cast by the Shareholders at the meeting by proxy or in person.

The Board of Directors recommends that Shareholders VOTE IN FAVOUR of the PSU Plan Resolution. If you do not specify how you want your Shares voted, the persons named as proxyholders will cast the votes represented by proxy at the Meeting FOR the passing of the PSU Plan Resolution.

The Board of Directors recommends that Shareholders VOTE IN FAVOUR of the PSU Plan Applicable to Business Units Resolution. If you do not specify how you want your Shares voted, the persons named as proxyholders will cast the votes represented by proxy at the Meeting FOR the passing of the PSU Plan Applicable to Business Units Resolution.

Other April 21, 2015 Amendments to Compensation Plans

In addition to the above proposed amendments to the PSU Plan and the PSU Plan Applicable to Business Units which require Shareholders’ approval, on April 21, 2015, the Board of Directors approved further amendments to four of the Security Based Compensation Plans, namely, the Stock Option Plan (as defined herein), the RSU Plan (as defined herein), the PSU Plan and the PSU Plan Applicable to Business Units, relating to vesting. Such amendments are described below and do not require Shareholders’ approval pursuant to the terms of the plans themselves nor pursuant to the TSX Company Manual.

The Stock Option Plan, the RSU Plan, the PSU Plan and the PSU Plan Applicable to Business Units were each amended to provide that grants that had been awarded with cliff vesting dates vest on a prorata basis in the event of the termination of the employment of a plan participant for reasons other than cause or poor performance. The Stock Option Plan and the RSU Plan were further amended to provide that upon retirement of the plan participant, such person shall continue to be a plan participant under the plan in question for the purposes of all unvested options or units awarded as payment of a bonus or revenue sharing deferral. Such continued participation in the case of retirement shall be conditional upon the plan participant signing a non-competition and non-solicitation agreement in a form determined by the Corporation, which agreement shall be in effect for a period of 24 months starting on such person’s retirement date, unless otherwise determined by the Board.

A full description of the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU Plan Applicable to Business Units, as amended in accordance with the above, is provided in the section “Statement of Executive Compensation”.

STATEMENT OF EXECUTIVE COMPENSATION

General

This section of the Circular provides information regarding the compensation of the Chairman of the Board and Chief Executive Officer (“**CEO**”), the Executive Vice President and Chief Financial Officer (“**CFO**”), the President and Chief Operating Officer (“**COO**”) and the two other most highly compensated executive officers of Fiera Capital, collectively the Named Executive Officers (“**NEOs**”), as well as for each director, for Fiera Capital’s 2014 financial year ending on December 31, 2014. It is to be noted that for the financial year ending December 31, 2014, the Corporation had six NEOs, as Marcel Larochelle was appointed as Executive Vice President and Chief Financial Officer as of April 7, 2014, and prior to this time (from January 1, 2014 to April 6, 2014), Pierre Blanchette, Senior Vice President, Finance had fulfilled the position equivalent to CFO.

Compensation Discussion and Analysis

The Human Resources Committee (the “**HR Committee**”) is responsible for reviewing and making recommendations to the Board of Directors regarding all matters related to the compensation of Fiera Capital’s executive officers. The members of the HR Committee are Mr. Denis Berthiaume, Mr. Brian A. Davis, Mr. Jean C. Monty (Chair) and Mr. David R. Shaw.

The HR Committee’s objectives are as follows:

- to compensate the executives in a fair and competitive manner;
- to ensure proper succession planning for key positions;
- to ensure performance is appropriately rewarded; and
- to align the interests of executive officers with those of Shareholders and clients.

The HR Committee works to obtain the necessary information to support its compensation recommendations to the Board of Directors. The HR Committee engages in active discussions with the CEO concerning the determination of performance objectives, including individual goals for the NEOs. The HR Committee may retain any independent consultants to support its activities. The HR Committee directs the CEO and the Senior Vice President, Human Resources and Corporate Communications, to provide initial analysis and commentary, including business goals, corporate performance, individual goals, individual performance and investment performance. These discussions consider whether, and to what extent, criteria for the previous year have been achieved for those individuals. Fiera Capital’s Senior Vice President, Human Resources and Corporate Communications, acts as the Secretary of the HR Committee.

NEO compensation package consists of (i) base salary; (ii) short term incentive plan (“**STIP**”); (iii) stock options; (iv) employee share purchase plan; (v) three mid-term compensation plans, being the RSU Plan, the PSU Plan and the PSU Plan Applicable to Business Units (as such terms are defined herein); (vi) a defined contribution pension plan; and (vii) benefits. Each of these elements is described below.

Benchmarking

As a general practice, Fiera Capital’s relative position in terms of compensation levels is determined through benchmarking studies performed by independent consulting firms such as Mercer, Hay Group and McLagan using a selected reference market of comparable companies composed of Canadian and American money management firms. Fiera Capital selected this particular reference market as the firms included in this market seek to attract and retain employees who have similar skill sets and who pertain to the same talent pool, and seek to attract and retain similar clients. All firms included in the reference market face similar business conditions.

On an annual basis, Fiera Capital participates in compensation surveys held by consulting firms. Each year, these firms solicit the participation of enterprises. This participation is on a voluntary basis and depends on organisations’ needs in terms of compensation information as well as the availability of resources to take part in the data gathering process. As a consequence, the participants list in relation to each survey may vary and for a specific survey, it may change from one year to the other.

To ensure our market analyses are based on rigorous fundamentals, we make sure that they rely on market medians of different sources and not on specific organisations’ information. In these surveys, when possible, we choose to compare our policies and practices to relevant market segments in terms of ownership structure (for instance independent money managers), investment strategy and organisation size measured using assets under management.

To illustrate our benchmark group, without being limitative, the following lists sets forth the main Canadian and American money management firms used as our reference markets:

Canadian Reference Market	American Reference Market
<ul style="list-style-type: none"> • Connor Clark & Lun Investment Management • Addenda Capital • AGF Management • RBC Asset Management (Philips Hager & North) • Caisse de dépôt et placement du Québec • PSP Investments • Ontario Pension Plan Board • GE Asset Management Inc. • OMERS • Dundee Wealth • CIBC Global Asset Management • Standard Life Investment • UBS Global Asset Management • Ontario Teachers' Pension Plan • Alberta Investment Management • Gluskin Sheff • Beutel Goodman • Burgundy Management • CI Institutional Asset Management • MFS McLean Budden 	<ul style="list-style-type: none"> • Aberdeen Asset Management, Inc. • AllianceBernstein L.P. • Allianz Global Investors • American Century Investments • Babson Capital Management LLC • BMO Global Asset Management • BNP Paribas Investment Partners • ClearBridge Investments • Columbia Management Investment Advisers • Delaware Investments • Deutsche Asset Management • Dimensional Fund Advisors Inc. • Eaton Vance Investment Managers • Federated Investors, Inc. • ING Investment Management International • Janus Capital Group • Jennison Associates, LLC • Lazard Asset Management LLC • Loomis, Sayles & Company, L.P. • Manulife Asset Management • MFS Investment Management • Morgan Stanley Investment Management • Natixis Global Associates • Neuberger Berman Group • Nuveen Investments • OppenheimerFunds, Inc. • Pioneer Investment Management • Principal Global Investors • Pyramis Global Advisors • Russell Investments • Standard Life Investments • Trust Company of the West

These compensation surveys cover generally the following elements of compensation:

- Base salary paid
- Target base salary
- Bonus paid
- Target bonus
- Total cash compensation paid
- Target total cash compensation
- Long term compensation awarded
- Total direct compensation

From time to time, Fiera Capital engages independent consultants to advise whether the compensation positioning of Fiera Capital is still aligned with the reference market. Fiera Capital also reviews compensation levels and information in the financial services industry in Canada. The total fees, including taxes, paid to independent consulting firms for special advice and annual compensation surveys for the financial year ending December 31, 2013 was \$19,820 to Canadian firms and \$22,100 to US firms: \$5,864 to the Hay Group, \$9,996 to AON, \$3,961 to Mercer for Canadian surveys and mandates and \$22,100 to the firm McLagan for US surveys and mandates. For the financial year ending December 31, 2014, the total fees, including taxes, paid to independent

consulting firms for special advice and annual compensation surveys amounted to \$52,638 paid to Canadian firms and \$59,595 paid to US firms. To the firm AON Hewitt, Fiera paid a total amount of \$42,570 for Canadian mandates and \$20,000 for US mandates. To McLagan, Fiera paid an amount of \$28,500 for US mandates and surveys. To the firm Hay Group Fiera paid \$6,151 for Canadian surveys. To Mercer, the amount of fees totals \$3,918 for a Canadian survey and \$1,095 for US-related special advice. To the firm Dickerson Employee Benefits Insurance Services Inc., the amount of fees for a US mandate totaled \$10,000. No fees were paid to such consultants in either financial year other than the aforementioned fees for services specifically related to executive compensation.

Consistent with industry practice, variable compensation levels are determined by direct reference to the overall profitability of the firm and based on performance as described below under the heading “Short Term Incentive Plan”. The main criteria used, other than the profitability, are the investment performance measured in line with client objectives and the new gross and net revenues achievements against the budgeted objectives.

Base Salary

The base salaries for NEOs are the fixed component of their annual compensation. It is the HR Committee’s objective that base salaries are competitive with industry peers and are targeted at the median for Fiera Capital’s reference market. Base salaries are generally reviewed each year against compensation surveys conducted by independent consultants. As a result, salaries may be increased as required based on overall responsibilities, individual contribution and any increase in the NEO’s role within Fiera Capital or based on changes in market salary levels.

Short Term Incentive Plan (STIP)

The STIP is an integral part of Fiera Capital’s compensation philosophy and is a variable component of the NEOs’ compensation. The STIP is designed to (i) ensure that total cash compensation paid to the NEOs for the year is appropriate in light of Fiera Capital’s performance and the NEOs’ individual contributions to Fiera Capital; (ii) align the NEOs’ interests with those of Shareholders, clients and Fiera Capital; (iii) pay for performance; and (iv) attract, retain and motivate the NEOs. Base salary is considered by the HR Committee when setting STIP awards, with the intent that base salary plus STIP awards properly reflect the NEOs’ individual contribution and Fiera Capital’s overall performance. Furthermore, Fiera Capital’s philosophy is to provide pay above the market median for superior performance.

The aim of the STIP is to attract, retain and motivate the best professionals in the marketplace. All permanent employees hired at least three months prior to the end of each STIP reference year are eligible for a bonus for that year. In 2014, the STIP reference year began on January 1 and ended on December 31. A target bonus and a maximum bonus are set as a percentage of the base salary of each participant and revised if required at the beginning of the reference year or when a significant change in responsibilities occurs. A bonus payment at the target level will be paid to a participant for the successful completion of such participant’s objectives under the STIP.

For the six NEOs, these target bonus and maximum bonus percentages by performance criteria are as follows:

		Criteria and bonuses expressed in percentage of the base salary as at December 31, 2014				
		Profitability	New Revenues	Investment Performance	Individual Contribution	Total
Jean-Guy Desjardins Chairman of the Board and Chief Executive Officer	Target Bonus	100%		100%		200%
	Maximum Bonus	150%		180%		330%
Marcel Larochelle Executive Vice President and Chief Financial Officer	Target Bonus	50%			25%	75%
	Maximum Bonus	75%			37.5%	112.5%

		Criteria and bonuses expressed in percentage of the base salary as at December 31, 2014				
		Profitability	New Revenues	Investment Performance	Individual Contribution	Total
Pierre Blanchette Senior Vice President, Finance	Target Bonus	40%			20%	60%
	Maximum Bonus	60%			30%	90%
Sylvain Brosseau President and Chief Operating Officer	Target Bonus	60%	40%	20%		120%
	Maximum Bonus	90%	60%	30%		180%
Sylvain Roy Chief Investment Officer and Executive Vice President, Alternative Strategies	Target Bonus	30%		70%		100%
	Maximum Bonus	45%		105%		150%
David Pennycook Vice Chairman and Executive Vice President, Institutional Markets	Target Bonus	25%	35%			60%
	Maximum Bonus	37.5%	52.5%			90%

Objectives are set in respect of the following: (i) profitability based on budgeted EBITDA; (ii) new gross and net revenues budgeted; (iii) investment performance; and (iv) individual contribution.

For each element mentioned above, the Corporation determines the amount of the target bonus by using the following formula:

Earned salary for the reference year	x	% of target bonus linked to a specific criteria	=	Target bonus amount
--------------------------------------	---	-------------------------------------------------	---	---------------------

Then, for each element, the percentage of the payable target bonus depends on the reached objectives. Below a certain level (threshold) no bonus is paid for a given element. For each criteria, a maximum of payable bonus is established.

Profitability Based on Budgeted EBITDA

Achievement of Profitability vs. EBITDA budget	Payable bonus in % of the target bonus
<90%	0%
90%	75%
100%	100% (target bonus)
Above 100% performance, 40% of earnings exceeding the EBITDA objective is shared among the employees. This percentage represents the targeted proportion of earnings that Fiera intends to devote in terms of compensation expense. The amount is paid in excess of the target bonuses and is distributed at the prorata of each employee's target bonus. This additional distribution cannot exceed 50% of the target bonus.	
Note: Below 100%, linear interpolation	

New Gross and Net Revenues Budgeted

Achievement on New Gross or Net Revenues Budgeted	Payable bonus in % of the target bonus
<75%	0%
75%	50%
100%	100% (target bonus)
150%	150%
Note: Linear Interpolation	

Investment Performance

The employed measure of investment performance is a weighted average of the performances observed for different periods:

Performance Period	Weighting
1 year	10%
2 years	20%
3 years	30%
4 years	40%

To calculate the bonuses relating to investment performance:

- A weighting is attributed to each investment strategy, this weighting being based on the revenues under management or by taking into account strategic considerations;
- Then, the performance for each strategy and each performance period is converted in payable bonus in percentage of the target bonus depending on the appropriate bonus table, a weighted average is then calculated for each strategy;
- Two bonus tables are used to convert performance in payable bonus:
 - one bonus table for Canadian Equity and Global Asset Allocation; and
 - one bonus table for Fixed Income strategies.
- A global percentage (weighted average) of a payable bonus is calculated for:
 - Canadian Equity;
 - Fixed Income strategies; and
 - Global Asset Allocation.

For Canadian Equity and Global Asset Allocation where the performance of the investments is generally evaluated depending on a value added objective, the bonus table is as follows:

Investment Performance compared to a value added objective (%)	Payable bonus in % of the target bonus
< 25%	0%
25%	25%
50%	50%
75%	75%
100%	100% (target bonus)
250%	250%
Note: Linear Interpolation	

For the Fixed Income strategies where the performance is generally evaluated in relation with the universe of comparison, the evaluation table is as follows:

Percentile	Payable bonus in % of the target bonus
51	0%
50	25%
41.7	100%
25	250%
Note: Linear Interpolation	

For the Chairman of the Board and Chief Executive Officer, the weighted average is calculated on 50% of the performance of Canadian Equity and on 50% of the performance of Fixed Income strategies. Stock Option Plan

Prior to the Arrangement, the shareholders of Sceptre had approved a stock option plan on May 7, 2007 (the "**Stock Option Plan**"). Following the implementation of the Arrangement, the Stock Option Plan is the only stock option plan of Fiera Capital under which new grants can currently be made.

Pursuant to the Arrangement, each option of Fiera Holdings (a "**Fiera Option**") was exchanged for an option (a "**Replacement Option**") to purchase a number of Class A Subordinate Voting Shares equal to 0.463 (the "**Replacement Option Exchange Ratio**"), multiplied by the number of common shares of Fiera Holdings issuable upon the exercise of such Fiera Option. Each such Replacement Option provides for (i) an exercise price per Class A Subordinate Voting Share of \$3.67 (the "**Replacement Option Exercise Price**"), and (ii) a vesting schedule that is identical to the vesting schedule applicable to the Fiera Option that was exchanged for such Replacement Option. Pursuant to the Arrangement, a total of 1,767,628 Fiera Options were exchanged for a total of 818,412 Replacement Options. The Replacement Option Exchange Ratio and the Replacement Option Exercise Price were calculated so as to keep constant the in-the-money amount associated with the Fiera Options on the announcement date. The terms and conditions of the Replacement Options are otherwise identical to those which apply to the Class A Subordinate Voting Share options provided for under the Stock Option Plan (the "**Options**"). The Replacement Options were issued and outstanding outside of the Stock Option Plan. Any Replacement Option that is or has been cancelled or otherwise terminated is or will therefore not be available for re-granting under the Stock Option Plan.

The Stock Option Plan was amended on August 24, 2010 to increase the total number of Class A Subordinate Voting Shares reserved for issuance from 1,000,000 to 2,021,588 in order to accommodate the grant of

Options to key employees in the context of the Arrangement, to allow for future grants under the plan and to formalize the vesting rules. The Stock Option Plan was further amended on May 23, 2013 to increase the total number of Class A Subordinate Voting Shares reserved for issuance under the plan from 2,021,588 to 4,021,588 to provide the Corporation with the necessary latitude to grant future incentive awards. The May 23, 2013 amendment also removed consultants from the definition of eligible participants under the Stock Option Plan. The Stock Option Plan was again amended by the Board of Directors on April 17, 2014, to decrease the total number of Class A Subordinate Voting Shares reserved for issuance under the plan to 3,510,118, representing approximately 5.1% of all outstanding Shares as of the date of this Circular, in the context of a redistribution of reserved shares among the Corporation's equity compensation plans in order to provide for the appropriate number of Class A Subordinate Voting Shares reserved for issuance under the newly adopted PSU Plan Applicable to Business Units. As at April 21, 2015, 2,827,810 Options were issued and outstanding representing the same number of underlying Class A Subordinate Voting Shares, being approximately 4.11% of all outstanding Shares as of the date of this Circular. A balance of 182,067 Options remain available for future grants under the Stock Option Plan, representing 0.26% of outstanding Shares.

The Stock Option Plan's objective is to align compensation with returns to Shareholders and to encourage stock ownership by officers and employees of Fiera Capital, providing long-term incentives to officers and employees of Fiera Capital and attracting new officers and employees to Fiera Capital. Options are granted by the Board of Directors under the Stock Option Plan from time to time when considered appropriate by the HR Committee based on the recommendation from the CEO. In determining whether to grant Options to an employee, the HR Committee and the CEO evaluate the employee, having regard to the following factors (i) the employee's demonstrated ability and leadership in taking initiatives to create value for the firm; (ii) the employee's ability to properly represent Fiera Capital; (iii) the employee's alignment with Fiera Capital's core values; and (iv) the employee's potential to assume increased responsibilities with Fiera Capital. Under the terms of the Stock Option Plan, Options may be granted to employees and officers of Fiera Capital to purchase Class A Subordinate Voting Shares. The exercise price of Options is established by the Board of Directors at the time each Option is granted provided that such price shall not be less than the volume weighted average trading price ("VWAP") of the Class A Subordinate Voting Shares on the TSX for the five trading days immediately preceding the day the Option is granted.

The maximum number of Class A Subordinate Voting Shares issuable to insiders, at any time, pursuant to the Stock Option Plan and any other security based compensation arrangements of Fiera Capital (including earlier stock option plans), is 10% of the total number of Shares then outstanding, on a non-diluted basis. In addition, the maximum number of Shares issued to insiders, within any one-year period, pursuant to the Stock Option Plan and any other security based compensation arrangements of Fiera Capital is 10% of the total number of Shares then outstanding, on a non-diluted basis.

Options granted pursuant to the Stock Option Plan are non-assignable and non-transferable. As at date of this Circular, the Board of Directors adheres to a policy to the effect that Options are granted only to officers and employees who are already, or who accept to become, direct or indirect shareholders of Fiera Capital.

If a Stock Option Plan "Participant" resigns, retires or is terminated with or without cause (including, for an officer of Fiera Capital, if such officer is removed or not re-elected or re-appointed as an officer of Fiera Capital), then any Options held by the Participant will cease to be exercisable within a period of 30 days after the resignation, retirement or termination date, as the case may be, or such longer period as determined by the Board of Directors provided that such longer period may not result in an option remaining outstanding for any period which exceeds the earlier of (i) the expiry date of such option and (ii) 36 months following the resignation, retirement or termination date, as the case may be. Any portion of an option that has not vested on the resignation, retirement or termination date, as the case may be, will not be exercisable after such date unless the Board of Directors determines that such portion of the option vests automatically or pursuant to a vesting schedule determined by the Board of Directors.

Notwithstanding the foregoing, in the event of the termination of the employment of a Participant for reasons other than cause or poor performance, Options awarded with cliff vesting dates shall vest immediately on a prorata basis. Further, upon retirement of a Participant, such person shall continue to be a Participant under the plan for the purposes of all unvested Options awarded as payment of a bonus or revenue sharing deferral. Such continued participation in the case of retirement shall be conditional upon the Participant signing a non-competition and non-solicitation agreement in a form determined by the Corporation, which agreement shall be in effect for a period of 24 months starting on the Participant's retirement date unless otherwise determined by the Board.

If a Participant dies, the legal representatives of the optionee may exercise the Options held by such optionee within a period of time after the date of the Participant's death determined by the Board of Directors, provided that no option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such option and (ii) 12 months following the date of death, but only to the extent the Options were by their terms exercisable on the date of death. The Board of Directors may determine at any time, that such a portion of the option vests automatically or pursuant to a vesting schedule determined by the Board of Directors.

Subject to the requisite shareholder and regulatory approvals, the Board of Directors may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time provided however that no such right may, without the consent of the Participant, in any manner adversely affect his rights under any Option theretofore granted under the Stock Option Plan.

The Board of Directors may, subject to receipt of requisite shareholder and regulatory approval, make the following amendments to the Stock Option Plan:

- any amendment to the number of securities issuable under the Stock Option Plan, including an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage;
- any change to the definition of the eligible participants which would have the potential of broadening or increasing insider participation;
- any addition of any form of financial assistance or any amendment to a financial assistance provision which is more favourable to participants;
- the addition of a deferred or restricted share unit or any other provision which results in participants receiving securities while no cash consideration is received by Fiera Capital; and
- any other amendments that may lead to significant or unreasonable dilution in Fiera Capital's outstanding securities or may provide additional benefits to eligible participants, especially insiders of Fiera Capital, at the expense of Fiera Capital and its existing shareholders.

The Board of Directors may, subject to receipt of requisite regulatory approval, where required, in its sole discretion make all other amendments to the Stock Option Plan that are not of the type contemplated above including, without limitation:

- amendments of a "housekeeping" nature;
- a change to the vesting provisions of a security or the Stock Option Plan;
- a change to the termination provisions of a security or the Stock Option Plan which does not entail an extension beyond the original expiry date;
- the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve; and
- terminate the Stock Option Plan.

Notwithstanding the amendment provisions of the Stock Option Plan described above, Fiera Capital shall additionally obtain requisite shareholder approval in respect of amendments to the Stock Option Plan that are contemplated above, to the extent such approval is required by any applicable laws or regulations.

Prior to 2013, all Options granted under the Stock Option Plan have been granted under agreements which provide that the Options vest over a five-year period, following a progressive vesting schedule and may be exercised over a maximum period of ten years. In 2013 and 2014, most Options granted to participants vest following a cliff vesting schedule over a maximum period of five years and have a maximum exercise period of ten years.

In the event of a change of control of Fiera Capital, all Options outstanding but not yet vested may be exercised. In connection with any proposed sale or conveyance of all or substantial all of the property and assets of Fiera Capital or any proposed merger, consolidation, amalgamation or offer to acquire all of the outstanding Shares (collectively, a “**Proposed Transaction**”), Fiera Capital may give notice to all Participants advising that their respective Options may be exercised only within 30 days after the date of the notice and not thereafter, and that all rights of the participant not exercised will terminate at the expiration of the 30-day period, provided that a Proposed Transaction is completed within 180 days after the date of the notice.

Employee Share Purchase Plan

On October 6, 2011, the Board of Directors adopted an employee share purchase plan (the “**Employee Share Purchase Plan**”), to offer eligible employees, defined as permanent employees of Fiera Capital and its wholly-owned subsidiaries who hold a position of vice president or higher, the opportunity to subscribe to Class A Subordinate Voting Shares. Participation in the Employee Share Purchase Plan is entirely voluntary. The purpose of the Employee Share Purchase Plan is to enable Fiera Capital to attract and retain employees and to permit them to participate in the growth and development of Fiera Capital. The maximum number of Class A Subordinate Voting Shares issuable pursuant to the Employee Share Purchase Plan is 1.5 million, representing 2.18% of all outstanding Shares as of the date of this Circular. The Employee Share Purchase Plan does not provide for assistance from the Corporation for eligible employees who wish to acquire Class A Subordinate Voting Shares by way of the Employee Share Purchase Plan. The Employee Share Purchase Plan, which did not require shareholder approval for adoption, was approved by the TSX on October 28, 2011. On June 28, 2012, the Employee Share Purchase Plan was amended to allow eligible employees to subscribe through a wholly-owned holding company. On April 17, 2013, the Employee Share Purchase Plan was further amended such that the calculation of the maximum number of Class A Subordinate Voting Shares issuable to insiders under the Employee Share Purchase Plan be made without consideration to those issuable under the security based compensation arrangements of Fiera Capital.

The subscription price for the Class A Subordinate Voting Shares issuable pursuant to the Employee Share Purchase Plan is equal to the VWAP of the Class A Subordinate Voting Shares traded on the TSX for a period of five trading days preceding the subscription date.

The number of Class A Subordinate Voting Shares issuable to insiders of Fiera Capital at any time under the Employee Share Purchase Plan may not exceed 10% of the issued and outstanding Shares of Fiera Capital. The number of Class A Subordinate Voting Shares issued to insiders of Fiera Capital within any one-year period under the Employee Share Purchase Plan may not exceed 10% of the issued and outstanding Shares of Fiera Capital. Further, insiders of Fiera Capital may not purchase 10% or more of the Class A Subordinate Voting Shares issuable under the Employee Share Purchase Plan and any private placement within any six-month period.

The Employee Share Purchase Plan is administered by the Board of Directors. The Board of Directors has full authority to interpret the Employee Share Purchase Plan and to make rules and regulations and establish procedures for its administration as it deems appropriate, taking into consideration the recommendations of Fiera Capital’s management. Decisions made by the Board of Directors are final and conclusive. The Board of Directors may delegate its authority to administer the Employee Share Purchase Plan to the HR Committee. In such a case, the HR Committee shall exercise all powers given to the Board of Directors under the Employee Share Purchase Plan, subject to any express direction by resolution of the Board of Directors, and provided that a decision of the majority of the Board of Directors in respect to any matter under the Employee Share Purchase Plan shall be binding and conclusive.

The number of Class A Subordinate Voting Shares available pursuant to the Employee Share Purchase Plan shall be adjusted by the Board of Directors in the event of a declaration of stock dividends, stock subdivisions or consolidations, reconstruction, reorganization or recapitalization of Fiera Capital or other relevant changes to Fiera Capital’s capitalization (other than issuance of additional shares of Fiera Capital) to prevent substantial dilution or enlargement of the rights granted to eligible employees by the Employee Share Purchase Plan and such adjustment shall be binding for all purposes of the Employee Share Purchase Plan.

Restricted Share Unit Plan

On May 23, 2013, the Shareholders approved the adoption of a restricted share unit plan (the “**RSU Plan**”). The purpose of the RSU Plan is to retain key employees and to permit them to participate in the growth and

development of the Corporation and, through the acquisition of Class A Subordinate Voting Shares under the RSU Plan, to better align the interests of RSU Participants (as defined below) with the long-term interests of the Shareholders. The RSU Plan serves as a discretionary incentive compensation plan to provide officers and full-time key employees of the Corporation or a related entity (“**Eligible Employees**”), with the opportunity to be awarded restricted share units (“**RSUs**”).

In accordance with the terms of the RSU Plan, the Board of Directors may, from time to time, award RSUs to any Eligible Employee (the “**RSU Participants**”). The number of RSUs to be credited to each RSU Participant’s account as of the award date shall be computed by dividing (a) the value of the award, by (b) the market value, which is, on any relevant date, the VWAP of the Class A Subordinate Voting Shares on the stock exchange for the five trading days immediately preceding that date, where the VWAP is calculated by dividing the total value of the Class A Subordinate Voting Shares by the total volume of the Class A Subordinate Voting Shares traded on the TSX for the five trading days immediately preceding the award date (the “**Market Value**”), on the date of the award, with fractions computed to three decimal places. The Corporation, upon the vesting date, shall issue to the RSU Participant a number of Class A Subordinate Voting Shares equal to the number of vested RSUs credited in the RSU Participant’s account. RSU Participants may ask to receive up to 50% of the vested RSUs in cash. An RSU Participant’s account will be credited with dividend equivalents in the form of additional RSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares. At the discretion of the Board of Directors, the Corporation may, in lieu of issuing Class A Subordinate Voting Shares to an RSU Participant, satisfy its obligations by purchasing such Class A Subordinate Voting Shares, for and on behalf of the RSU Participant, through the facilities of the TSX or such other exchange on which the Class A Subordinate Voting Shares are listed.

RSUs awarded to RSU Participants shall vest on the third anniversary of the date of the grant unless otherwise specified by the Board of Directors at the time of the grant. Accelerated vesting may be permitted at the discretion of the Board of Directors with respect to unvested RSUs.

The RSU Plan was amended by the Board of Directors on April 17, 2014 to decrease the total number of Class A Subordinate Voting Shares reserved for issuance under the plan from 1,000,000 to 750,000, subject to the adjustments permitted under the RSU Plan, representing approximately 1.09% of all outstanding Shares as of the date of this Circular, in the context of a redistribution of reserved shares among the Corporation’s equity compensation plans in order to provide for the appropriate number of Class A Subordinate Voting Shares reserved for issuance under the newly adopted PSU Plan Applicable to Business Units. As at the date of this Circular, 405,918 RSUs have been issued pursuant to the RSU Plan, none of which have vested, representing an estimated 0.59% of all outstanding Shares assuming all RSUs are settled by way of issuance of Class A Subordinate Voting Shares. A total of 344,082 Class A Subordinate Voting Shares remain issuable under the RSU Plan, representing 0.50% of all outstanding Shares.

The number of securities issuable to insiders, at any time, under all security based compensation arrangements of the Corporation including, without limitation, the RSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis and the number of securities issued to insiders, within any one-year period, under all security based compensation arrangements of the Corporation including, without limitation, the RSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis.

If an RSU Participant’s employment with the Corporation terminates for any reason other than upon death or disability (including involuntary termination without cause), then all unvested RSUs will automatically be forfeited and cancelled. Notwithstanding the foregoing, (i) RSUs awarded with cliff vesting dates vest on a prorata basis in the event of the termination of the employment of an RSU Participant for reasons other than cause or poor performance and (ii) upon retirement, RSU Participants continue to be plan participants for the purposes of RSUs that are unvested at such time, to the extent that such unvested RSUs were awarded as payment of a bonus or revenue sharing deferral. Such continued participation in the case of retirement shall be conditional upon the RSU Participant signing a non-competition and non-solicitation agreement in a form determined by the Corporation, which agreement shall be in effect for a period of 24 months starting on the RSU participant’s retirement date unless otherwise determined by the Board. If an RSU Participant becomes disabled then the RSU Participant’s awards will generally continue to vest in accordance with the applicable vesting schedule. Upon an RSU Participant’s death, all outstanding RSUs held by the RSU Participant shall vest immediately.

In the event of a Change of Control (as defined in the RSU Plan), all RSUs outstanding shall vest immediately. In addition, in the event of a divestiture of a business unit resulting in the termination of an RSU Participant and such RSU Participant becomes an employee of the Person acquiring or operating such business unit, the Board of Directors may determine that the RSU Participant shall continue to be an RSU Participant for the purposes of the RSU Plan until the vesting date or that all RSUs granted to the RSU Participant under the RSU Plan which has not vested on or before the date of the divestiture shall immediately vest. In the event of a divestiture of a business unit resulting in the termination of an RSU Participant and such RSU Participant is not offered a position as an employee or director with the Corporation or any of its Related Entities (as defined in the RSU Plan) or with the person to whom the divestiture is made, all RSUs granted to the RSU Participant under the RSU Plan which has not vested on or before the date of the divestiture shall immediately vest.

In the event that there is a change in the Class A Subordinate Voting Shares through the declaration of stock dividends or subdivisions, consolidations, or exchanges of Class A Subordinate Voting Shares, capital reorganization, reclassification, amalgamation, merger, spin-off, sale, lease or otherwise, the number of Class A Subordinate Voting Shares available for issuance upon the vesting of RSUs granted under the RSU Plan will be adjusted appropriately by the Board of Directors, subject to regulatory approval, if required.

Under no circumstances will RSUs be considered an interest in any Class A Subordinate Voting Shares or other securities of the Corporation, nor will any RSU Participant be considered to be the owner of any Class A Subordinate Voting Shares by virtue of an award of RSUs until such RSUs have vested and Class A Subordinate Voting Shares are delivered to the Participant in accordance with the terms of the RSU Plan. RSUs shall not entitle any RSU Participant to exercise voting rights, or any other rights, with respect to Class A Subordinate Voting Shares. RSUs are non-transferable. Certificates representing RSUs will not be issued by Fiera Capital.

The Board of Directors may, in its sole discretion, without notice or Shareholder approval, at any time or from time to time, suspend or terminate the RSU Plan. Subject to applicable law and regulatory approval, if required, the Board of Directors may, without notice or Shareholder approval, at any time or from time to time, amend the RSU Plan for any purpose which in the good faith opinion of the Board of Directors, may be expedient or desirable. The Board of Directors shall not materially adversely alter or impair any rights of an RSU Participant or materially increase any obligations of an RSU Participant with respect to RSUs previously awarded under the RSU Plan without the consent of the RSU Participant.

Performance Share Unit Plan

On May 23, 2013, the Shareholders approved the adoption of a PSU plan (the “**PSU Plan**”). The PSU Plan was amended by the Board of Directors on April 17, 2014, to (i) modify the Corporation’s existing payment obligations in the event of a PSU Participant (as defined herein) becoming disabled, and (ii) to decrease the total number of Class A Subordinate Voting Shares reserved for issuance under the PSU Plan from 513,530 to 325,000, in the context of a redistribution of reserved shares among the Corporation’s equity compensation plans in order to provide for the appropriate number of Class A Subordinate Voting Shares reserved for issuance under the newly adopted PSU Plan Applicable to Business Units.

The objective of the PSU Plan is to retain key employees and to permit them to participate in the growth and development of the Corporation and, through the acquisition of Class A Subordinate Voting Shares under the PSU Plan, to better align the interests of PSU Participants with the long-term interests of the Shareholders. The PSU Plan provides Eligible Employees with the opportunity to be awarded PSUs.

Under the PSU Plan, the Board of Directors may, from time to time, award PSUs to any Eligible Employee (the “**PSU Participants**”). The number of PSUs to be credited to each PSU Participant’s account as of the award date shall be computed by dividing (a) the value of the award, by (b) the Market Value on the date of the award, with fractions computed to three decimal places. The Corporation, as soon as practicable after the vesting date provided that performance conditions are met, shall issue to the PSU Participant a number of Class A Subordinate Voting Shares equal to the number of vested PSUs credited in the PSU Participant’s account. PSU Participants have the right to receive up to 50% of the vested PSUs in cash. A PSU Participant’s account will be credited with dividend equivalents in the form of additional PSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares. The Corporation may, at the discretion of the Board of Directors, in lieu of issuing Class A Subordinate Voting Shares to a PSU Participant, satisfy its obligations by

purchasing such Class A Subordinate Voting Shares, for and on behalf of the PSU Participant, through the facilities of the TSX or such other exchange on which the Class A Subordinate Voting Shares are listed.

PSUs awarded to PSU Participants vest on third anniversary of the date of the grant or determined by the Board of Directors at the time of the grant, provided that the PSU Participants have satisfied the performance conditions determined by the Board of Directors at the time of the grant or that such conditions have been waived by the Board of Directors. These performance conditions are expressed as performance criteria objectives and may be set at different aggregate levels: from individual to corporate level. The Board of Directors may specify different satisfaction thresholds leading to vesting of specified percentages of the PSUs, which may be below, equal to or higher than 100% depending on whether the PSU Participants partly satisfied, fully satisfied or exceeded the performance conditions. Accelerated vesting may be permitted at the discretion of the Board of Directors with respect to unvested PSUs.

The maximum number of Class A Subordinate Voting Shares available for issuance under the PSU Plan is 325,000 Class A Subordinate Voting Shares, representing approximately 0.47% of all outstanding Shares of the Corporation as at the date of this Circular. As at April 21, 2015, 343,353 PSUs have been issued under the PSU Plan, none of which have vested, representing an estimated 0.50% of all outstanding Shares assuming all such PSUs are settled by way of issuance of Class A Subordinate Voting Shares and a balance of -18,353 Class A Subordinate Voting Shares remains available for issuance under the PSU Plan. This negative balance is due to the fact that a grant previously made to one participant under the PSU Plan Applicable to Business Units was converted into a grant under the PSU Plan in order to adapt the security based compensation of such participant to the evolution of his role within the Corporation. The proposed increase to the number of Class A Subordinate Voting Shares reserved for issuance under the PSU Plan, as described in the section “Amendments to Security Based Compensation Plans”, will return the PSU Plan to a positive balance.

The number of securities issuable to insiders, at any time, under all security based compensation arrangements of the Corporation including, without limitation, the PSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis and the number of securities issued to insiders, within any one-year period, under all security based compensation arrangements of the Corporation including, without limitation, the PSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis.

All unvested PSUs will be forfeited and cancelled if a PSU Participant’s employment with the Corporation terminates for any reason other than death or disability (including involuntary termination without cause). The cancellation of the PSUs will be effective on the date of the termination. Notwithstanding the foregoing, should the employment of a PSU Participant be terminated for reasons other than cause or poor performance, PSUs awarded with cliff vesting dates shall vest immediately on a prorata basis. Moreover, if a PSU Participant becomes disabled then the PSU Participant’s awards will generally continue to vest in accordance with the applicable vesting schedule and the Corporation’s payment obligation will be on a prorata basis based on the period during which the PSU Participant was disabled. Upon a PSU Participant’s death, all outstanding PSUs held by the PSU Participant shall vest immediately.

In the event of a Change of Control (as defined in the PSU Plan), all PSUs outstanding shall vest immediately. In addition, in the event of a divestiture of a business unit resulting in the termination of a PSU Participant’s employment and such PSU Participant becomes an employee of the person acquiring or operating such business unit, the Board of Directors may determine that the PSU Participant shall continue to be a PSU Participant for the purposes of the PSU Plan until the vesting date or that all PSUs granted to the PSU Participant under the PSU Plan which has not vested on or before the date of the divestiture shall immediately vest. In the event of a divestiture of a business unit resulting in the termination of a PSU Participant’s employment and such PSU Participant is not offered a position as an employee or director with the Corporation or any of its Related Entities (as defined in the PSU Plan) or with the person to whom the divestiture is made, all PSUs granted to the PSU Participant under the PSU Plan which has not vested on or before the date of the divestiture shall immediately vest.

Should there occur changes in the Class A Subordinate Voting Shares through the declaration of stock dividends or subdivisions, consolidations, or exchanges of Class A Subordinate Voting Shares, capital reorganization, reclassification, amalgamation, merger, spin-off, sale, lease or otherwise, the number of Class A Subordinate Voting Shares available for issuance upon the vesting of PSUs granted under the PSU Plan will be adjusted appropriately by the Board of Directors, subject to regulatory approval, if required.

PSUs shall under no circumstances be considered an interest in any Class A Subordinate Voting Shares or other securities of the Corporation, nor will any PSU Participant in the PSU Plan be considered to be the owner of any Class A Subordinate Voting Shares by virtue of an award of PSUs until such PSUs have vested and Class A Subordinate Voting Shares are delivered to the PSU Participant in accordance with the terms of the PSU Plan. PSUs shall not entitle any PSU Participant to exercise voting rights, or any other rights, with respect to Class A Subordinate Voting Shares. PSUs are non-transferable. Certificates representing PSUs will not be issued by Fiera Capital.

The Board of Directors may, in its sole discretion, without notice or Shareholder approval, at any time or from time to time, suspend or terminate the PSU Plan. Subject to applicable law and regulatory approval, if required, the Board of Directors may, without notice or Shareholder approval, at any time or from time to time, amend the PSU Plan for any purpose which in the good faith opinion of the Board of Directors, may be expedient or desirable, including: (i) making minor or technical modifications to any of the provisions of the PSU Plan, (ii) correcting any ambiguity, defective provision, error or omission in the provisions of the PSU Plan, (iii) amending any term upon which PSUs may be granted, including but not limited to, the vesting conditions, (iv) any change that is necessary or desirable to comply with applicable laws, rules or regulations or any stock exchange on which the Class A Subordinate Voting Shares are listed, and (v) any amendment to the terms relating to the administration of the PSU Plan. The Board of Directors shall not materially adversely alter or impair any rights of a PSU Participant or materially increase any obligations of a PSU Participant with respect to PSUs previously awarded under the PSU Plan without the consent of the PSU Participant.

PSU Plan Applicable to Business Units

The PSU plan applicable to business units (the “**Business Units**”) of the Corporation (the “**PSU Plan Applicable to Business Units**”) was originally approved on September 3, 2013 by the Board in the context of an acquisition and at such time did not require Shareholder approval. On April 17, 2014, the Board of Directors adopted, and Shareholders approved, an amended and restated PSU Plan Applicable to Business Units which notably broadened the categories of persons able to be participants under the plan and increased the number of Class A Subordinate Voting Shares issuable under the plan. The objectives of the PSU Plan Applicable to Business Units are to induce persons to become employees of the Corporation or one of its related entities and to permit Eligible Employees to participate in the growth and development of the Corporation and the Business Unit in which they directly contribute, such Eligible Employees being referred herein to as “**Eligible Participants**”.

The PSU Plan Applicable to Business Units allows the Board of Directors to grant PSUs at a value determined by reference to the value of a specific Business Unit rather than by reference to the price of the Class A Subordinate Voting Shares of the Corporation on the TSX. At the time of grant of any PSUs, the Board of Directors will designate in the award notice, among other information, (i) the award value, (ii) the number of PSUs which are being granted, (iii) the value of each PSU granted, (iv) the formula used to determine the value of the applicable Business Unit, (v) the vesting terms and conditions of the PSUs, and (vi) the applicable vesting date(s). Subject to the provisions of the PSU Plan Applicable to Business Units and such other terms and conditions as the Board or the Committee may prescribe, the Board of Directors may, from time to time, award PSUs to any Eligible Participant. The number of PSUs to be credited to each Eligible Participant’s account as of the date of the award shall be computed by dividing (A) the value of the award by (B) the value of a PSU, as determined by the Board of Directors for the particular date of award, with fractions computed to three decimal places. The modalities by which the payment obligation of the Corporation in respect of the PSUs, once vested, shall be made are determined upon each particular granting of PSUs. Such modalities may include, subject to applicable regulatory approval, the satisfaction by the Corporation of all or a portion of its payment obligation in respect of vested PSUs on an applicable date of vesting by way of the issuance and delivery to the Eligible Participant of Class A Subordinate Voting Shares, which may be at the choice of either the Corporation or the Eligible Participant, as specified in the modalities.

The PSUs shall vest in accordance with the vesting conditions which vesting conditions may include minimum time periods and performance conditions relating to Business Units, as set forth in the award notice related thereto, or determined by the Board in accordance with the PSU Plan Applicable to Business Units. Once vested the Corporation shall satisfy its payment obligation, at its option, (i) in cash, (ii) by issuance and delivery of Class A Subordinate Voting Shares from treasury at a price per share equal to the VWAP of the shares on the TSX for the five consecutive trading days preceding the payment date, or (iii) by purchasing Class A Subordinate Voting Shares on the TSX and delivering such shares to the holder of the vested PSUs.

The aggregate maximum number of Class A Subordinate Voting Shares available for issuance under the PSU Plan Applicable to Business Units is 2,000,000, representing approximately 2.91% of all outstanding Shares as at the date of this Circular. As at the date of this Circular, if all outstanding compensation commitments to Plan Participants under the PSU Plan Applicable to Business Units were settled in Shares, an estimated 1,626,365 Class A Subordinate Voting Shares would be required, representing approximately 2.36% of all outstanding Shares. As at April 21, 2015, an estimated balance of 373,635 Class A Subordinate Voting Shares remains available to meet future PSU grant commitments under the PSU Plan Applicable to Business Units, representing 0.54% of all outstanding Shares.

The number of securities issuable to insiders, at any time, under all security based compensation arrangements of the Corporation including, without limitation, the PSU Plan Applicable to Business Units, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis and the number of securities issued to insiders, within any one-year period, under all security based compensation arrangements of the Corporation including, without limitation, the PSU Plan Applicable to Business Units, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis.

Under the PSU Plan Applicable to Business Units, all unvested PSUs will be forfeited and cancelled if an Eligible Participant's employment with the Corporation terminates for any reason other than death or disability (including involuntary termination without cause). The cancellation of the PSUs will be effective on the date of the termination. Notwithstanding the foregoing, should the employment of an Eligible Participant be terminated for reasons other than cause or poor performance, PSUs awarded with cliff vesting dates shall vest immediately on a prorata basis. Moreover, if an Eligible Participant becomes disabled then the Eligible Participant shall be deemed to continue to be a "Participant" for the purpose of the PSU Plan Applicable to Business Units until the applicable vesting date. On such vesting date, the Eligible Participant shall be entitled in respect of vested PSUs to the payments set forth in the PSU Plan Applicable to Business Units on a prorata basis based on the period during which the PSU Participant was disabled. Upon an Eligible Participant's death, all outstanding PSUs held by the Eligible Participant shall vest immediately. The Board of Directors may in its sole discretion permit, at any time, the vesting of any or all PSUs held by an Eligible Participant.

In the event of a Change of Control (as defined in the PSU Plan Applicable to Business Units), all PSUs shall vest immediately. In the event of a divestiture of a Business Unit (including a divestiture by sale, closure or outsourcing), any PSUs relating to such Business Unit credited to the Eligible Participant's account which have not become payable on or before the divestiture date for the Eligible Participant are forfeited and cancelled effective on the divestiture date and, for the avoidance of doubt, such Eligible Participant shall not be entitled to any further payments under the PSU Plan Applicable to Business Units.

Under no circumstances shall PSUs be considered Class A Subordinate Voting Shares or other securities of the Corporation, nor shall they entitle any Eligible Participant to exercise voting rights or any other rights attaching to the ownership of Class A Subordinate Voting Shares or other securities of the Corporation, nor shall any Eligible Participant be considered the owner of Class A Subordinate Voting Shares by virtue of the award of PSUs.

The PSUs are non-transferable. Certificates representing the PSUs will not be issued by Fiera Capital.

Subject to applicable law and regulatory approval, if required, the Board of Directors may, without notice or shareholder approval, at any time or from time to time, amend the PSU Plan Applicable to Business Units for any purpose which in the good faith opinion of the Board of Directors, may be expedient or desirable, including: (i) making minor or technical modifications to any of the provisions of the PSU Plan Applicable to Business Units; (ii) correcting any ambiguity, defective provision, error or omission in the provisions of the PSU Plan Applicable to Business Units; (iii) amending any term upon which PSUs may be granted, including but not limited to, the vesting conditions, (iv) any change that is necessary or desirable to comply with applicable laws, rules or regulations or any stock exchange on which the Class A Subordinate Voting Shares are listed; and (v) any amendment to the terms relating to the administration of the PSU Plan Applicable to Business Units.

The Board of Directors may, subject to receipt of requisite shareholder and regulatory approval, make the following amendments to the PSU Plan Applicable to Business Units: (i) extend the term of a PSU held by an insider of the Corporation under the PSU Plan Applicable to Business Units; (ii) any amendment to remove or to exceed the participation limit set out in the PSU Plan Applicable to Business Units; (iii) increase the maximum number of Class A Subordinate Voting Shares issuable under the PSU Plan Applicable to Business Units; and

(iv) amend the amendment, suspension or termination provisions of the PSU Plan Applicable to Business Units. The Board of Directors shall not materially adversely alter or impair any rights of an Eligible Participant or materially increase any obligations of an Eligible Participant with respect to PSUs previously awarded under the PSU Plan Applicable to Business Units without the consent of the Eligible Participant.

The Board of Directors may, in its sole discretion, without notice or shareholder approval, at any time or from time to time, suspend or terminate the PSU Plan Applicable to Business Units. If the Board of Directors terminates or suspends the PSU Plan Applicable to Business Units, no new PSU will be credited to the account of an Eligible Participant. Previously credited PSUs whether or not vested, may at the Board of Director's election, be accelerated (if unvested) or remain outstanding. The Board of Directors shall not require the consent of any affected Eligible Participant in connection with the termination of the PSU Plan Applicable to Business Units in which the vesting of all PSUs held by the Eligible Participant are accelerated.

CWM Management Restricted Share Unit Plan

On November 30, 2012, the Corporation acquired all of the issued and outstanding securities of Canadian Wealth Management Group Inc. ("**CWM**"), the Calgary-based subsidiary of Société Générale Private Banking (the "**CWM Transaction**"). Following the closing of the CWM Transaction, the Corporation adopted a management restricted share unit plan (the "**CWM RSU Plan**") in order to induce some designated officers of CWM to join the Corporation. The Corporation obtained the exemption set forth in Section 613(c) of the TSX Company Manual for the adoption of the CWM RSU Plan and accordingly Shareholder approval was not required for the adoption thereof.

In connection with the CWM Transaction, the Corporation made offers of full time employment to five employees of CWM (the "**CWM Employees**"). The new contracts of employment became effective upon the closing of the CWM Transaction and restricted share units of the Corporation ("**CWM RSUs**") were awarded as part of the employment package to induce them to join the Corporation and to permit them to participate in the growth and development of the Corporation. Each CWM Employee is a senior employee recommended by the CEO and approved by the Board of Directors. None of the CWM Employees had been previously employed by the Corporation, nor had any of such CWM Employees been insiders of the Corporation. Each CWM Employee was hired by the Corporation on a full-time basis as an officer of the Corporation.

The CWM RSU Plan only allows for grants of CWM RSUs to the CWM Employees (the "**CWM Participants**"). As at the date of this Circular, pursuant to the CWM RSU Plan, 125,646 CWM RSUs have been awarded to the CWM Participants and 8,943 CWM RSUs have been awarded to such participants as dividend equivalents. The Corporation does not intend to issue other CWM RSUs under the CWM RSU Plan other than to meet its obligation of crediting CWM Participants with dividend equivalents.

The number of CWM RSUs credited to each CWM Participant's account was computed by dividing (a) the value of the award, by (b) the Market Value on the award date, with fractions computed to three decimal places. The Corporation, upon the vesting date, shall issue to the CWM Participant a number of Class A Subordinate Voting Shares equal to the number of vested CWM RSUs credited in the Participant's account. A CWM Participant's account will be credited with dividend equivalents in the form of additional CWM RSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares.

CWM RSUs awarded to the CWM Participants shall vest on the third anniversary of the date of the grant unless otherwise specified by the Board of Directors at the time of the grant.

The number of securities issuable to any CWM Participant, at any time, under all security based compensation arrangements of the Corporation including, without limitation, the CWM RSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis and the number of securities issued to any CWM Participant, within any one-year period, under all security based compensation arrangements of the Corporation including, without limitation, the CWM RSU Plan, shall not exceed 10% of the issued and outstanding securities of the Corporation calculated on a non-diluted basis.

If a CWM Participant's employment with the Corporation terminates for any reason other than death or disability (including involuntary termination without cause), then all unvested CWM RSUs will automatically be forfeited and cancelled. Furthermore, if a CWM Participant becomes disabled then the CWM Participant's awards

will continue to vest in accordance with the applicable vesting schedule. Upon a CWM Participant's death, all outstanding RSUs held by the CWM Participant shall vest immediately.

In the event of a Change of Control (as defined therein), all CWM RSUs outstanding shall vest immediately. In addition, in the event of a divestiture of a business unit resulting in the termination of a CWM Participant's employment and such CWM Participant becomes an employee of the person acquiring or operating such business unit, the Board of Directors may determine that the CWM Participant shall continue to be a CWM Participant for the purposes of the CWM RSU Plan until the vesting date or that all CWM RSUs granted to the CWM Participant under the CWM RSU Plan which has not vested on or before the date of the divestiture shall immediately vest. In the event of a divestiture of a business unit resulting in the termination of a CWM Participant's employment and such CWM Participant is not offered a position as an employee or director with the Corporation or any of its Related Entities (as defined therein) or with the person to whom the divestiture is made, all CWM RSUs granted to the CWM Participant under the CWM RSU Plan which has not vested on or before the date of the divestiture shall immediately vest.

Accelerated vesting may be permitted at the discretion of the Board of Directors with respect to unvested CWM RSUs.

In the event that there is a change in the Class A Subordinate Voting Shares through the declaration of stock dividends or subdivisions, consolidations, or exchanges of Class A Subordinate Voting Shares, capital reorganization, reclassification, amalgamation, merger, spin-off, sale, lease or otherwise, the number of Class A Subordinate Voting Shares available for issuance upon the vesting of CWM RSUs granted under the CWM RSU Plan will be adjusted appropriately by the Board of Directors.

Under no circumstances will CWM RSUs be considered an interest in any Class A Subordinate Voting Shares or other securities of the Corporation, nor will any CWM Participant in the CWM RSU Plan be considered to be the owner of any Class A Subordinate Voting Shares by virtue of an award of CWM RSUs until such CWM RSUs have vested and Class A Subordinate Voting Shares are delivered to the CWM Participant in accordance with the terms of the CWM RSU Plan. CWM RSUs shall not entitle any CWM Participant to exercise voting rights, or any other rights, with respect to Class A Subordinate Voting Shares. CWM RSUs are non-transferable.

The Board of Directors may, without notice or Shareholder approval, at any time or from time to time, amend, suspend or terminate the CWM RSU Plan for any purpose which, in the good faith opinion of the Board of Directors may be expedient or desirable. Upon termination of the CWM RSU Plan, no new CWM RSUs will be credited in the account of a CWM Participant and previously credited CWM RSUs, whether or not vested, may, at the Board of Directors' election, be accelerated or remain outstanding.

The Board of Directors shall not materially adversely alter or impair any rights of a CWM Participant or materially increase any obligations of a CWM Participant with respect to CWM RSUs previously awarded under the CWM RSU Plan without the consent of the CWM Participant.

Defined Contribution Pension Plan

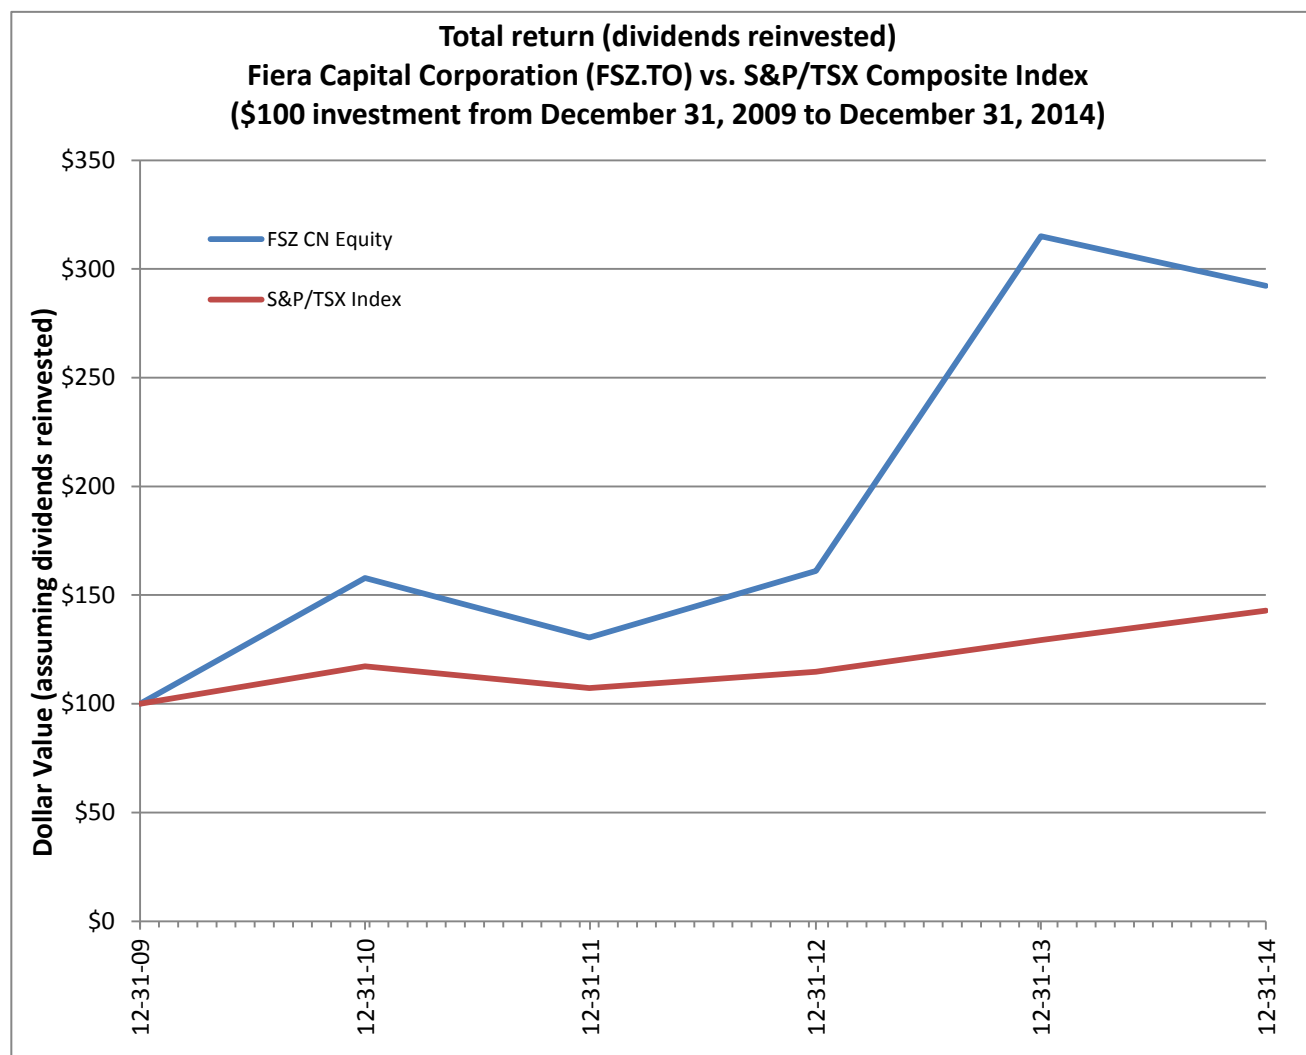

The NEOs participate in a defined contribution pension plan sponsored by Fiera Capital under which Fiera Capital pays an amount equal to 2% of base salary. The NEOs can contribute up to 6% of their base salary and Fiera Capital will match between 25% and 150% of their contribution, depending on the NEO's seniority. Contribution amounts are subject to limits prescribed under the *Income Tax Act* (Canada). All current NEOs are Canadian residents and all Canadian resident Fiera Capital employees are covered by the same pension plan. See "Pension Plan".

Benefits

The NEOs participate in the same corporate benefits program as other Canadian resident Fiera Capital employees, which provides health and dental benefits, life insurance as well as short and long term disability insurance.

Performance Graph

The following graph compares the cumulative Shareholder return per \$100 invested in Class A Subordinate Voting Shares compared to the cumulative total return of the S&P/TSX Composite Index from December 31, 2009 to December 31, 2014. The calculations include reinvested dividends but exclude brokerage fees and taxes.

The graph presented above shows that a \$100 investment in Fiera Capital shares on December 31, 2009 would have generated a total return of \$292.23 as at December 31, 2014, representing an increase of 192.23%. Over the same five-year period, the NEOs' Total Compensation rose from \$4,099,144 to \$13,422,012, which is an increase of 227.43%. It is to note that as 2010 was the year of the Arrangement, several compensation elements were reported in the related year's Circular on a prorated basis. Similarly, for the 2014 Total Compensation costs, Pierre Blanchette fulfilled the most senior Finance position of Fiera Capital for the first three months of 2014 only and therefore, for the purpose of Total Compensation expense evolution, his 2014 compensation was multiplied by a factor of 3/12 for inclusion in the NEOs' Total Compensation.

Two main factors explain the increase of NEOs' Total Compensation in 2014. First of all, with the appointment of Mr. Sylvain Roy as Chief Investment Officer and Executive Vice President, Alternative Strategies at the end of 2013 and the appointment of Mr. Marcel Larochelle as Executive Vice President and Chief Financial Officer during 2014, the Corporation went through a significant exercise of putting in place a more senior Management Committee which is an essential asset to help the organization in pursuing its growing activities.

Secondly, in line with the philosophy of the Corporation which is to offer significant Long-Term Compensation grants on an ad hoc basis, Mr. Jean-Guy Desjardins, Mr. Marcel Larochelle, Mr. Sylvain Brosseau

and Mr. Sylvain Roy all received such grants during 2014. These grants total a compensation expense of \$7,357,186. If this amount is excluded from the 2014 Total Compensation expenses, the 2014 Total Compensation for the five NEOs equals \$6,064,826 and represents an increase of 47.95%, as opposed to 227.43%, when compared to the 2010 Total Compensation numbers presented above.

The Board of Directors believes that the most important contribution the NEOs can make to enhance Total Shareholder Return (“TSR”) is to grow the income of Fiera Capital and hence the compensation of the NEOs is substantially linked to such growth, as outlined under the compensation discussion and analysis. However, the year-over-year TSR is heavily influenced by factors other than growth in income and consequently there may be considerable variability of NEO compensation as compared to the TSR over any relatively short measurement period.

Notes:

⁽¹⁾ Stock option grant values were estimated using Black-Scholes. This method is used since it is the most common method used among the Corporation’s reference market. Assumptions used to calculate the Black-Scholes for year 2014 are as follows: dividend yield (%) from 2.93% to 3.67%; risk-free interest rate of 1.72% to 2.09%; expected life of 7.5 years; and expected volatility of the share price 43.2% to 43.8%. IFRS was used for all grants. Black-Scholes was 2.815305 for 2012 grants, 4.759289 for 2013 grants, 4.7105 for Marcel Larochelle 2014 grant and 4.2820 for Jean-Guy Desjardins and Sylvain Brosseau 2014 grants. As per Fiera Capital’s policy regarding officer’s long-

term compensation, Options are granted to officers who are already, or who accept to become, direct or indirect shareholders of Fiera Capital.

Pension Plan

Fiera Capital's employees and officers participate in a defined contribution pension plan sponsored by Fiera Capital, which pays into each employee's defined contribution pension plan an amount equal to 2% of their base salary. Employees can contribute up to 6% of their base salary and Fiera Capital will match between 25% to 150% of their contribution depending on their seniority. The maximum amount is subject to the limit set by Revenue Canada. The amounts of benefits from Fiera Capital to the NEOs are included in the "Pension Value" column in the Summary Compensation Table above.

Participants under the plan are entitled to a pension benefit as of the early retirement age of 55. The normal retirement age under the plan is 65. Although the plan does not prescribe a compulsory retirement age, participants' monthly pension must commence no later than December 31 of the year they turn 71.

Upon retirement, participants are entitled to buy a life annuity, the amount of which will depend on the accumulated value of the contributions made in their account, the type of annuity selected and the cost of purchasing an annuity at that time. Upon termination of employment or death, participants (or their beneficiary) are entitled to a benefit equal to the accumulated value of the contributions made in their account or may transfer the accumulated value of the contributions made in their account to another registered plan.

Stock Option Plan Acceleration on Change of Control

The Stock Option Plan, the RSU Plan and the PSU Plan each provide that in the event of a change of control, all outstanding Options held by the NEOs (and all other participants) shall become immediately exercisable. Please see “Statement of Executive Compensation - Compensation Discussion and Analysis”.

Director Compensation

The main purposes of Fiera Capital’s director compensation policy is to enable Fiera Capital to (i) retain or recruit qualified and competent directors; (ii) promote their work and their performance with Fiera Capital; (iii) compensate them for their work and their performance with Fiera Capital; and (iv) compensate them for the key contribution to optimizing the investment of Shareholders in the Corporation. Under Fiera Capital’s director compensation policy, the directors eligible to be compensated are only those that are elected by the holders of Class A Subordinate Voting Shares. Moreover, directors who are also full time executive officers of the Corporation shall not receive any compensation for acting as directors. During the financial year ended December 31, 2014, Jean-Guy Desjardins, Sylvain Brosseau, David Pennycook, Todd M. Morgan, Denis Berthiaume, Raymond Laurin, Jean C. Monty and Lise Pistono, directors elected by the holders of Class B Special Voting Shares, were therefore ineligible to receive compensation from the Corporation for acting as directors pursuant to Fiera Capital’s director compensation policy. Jean-Guy Desjardins, Sylvain Brosseau, David Pennycook and Todd M. Morgan are also excluded from receiving compensation as a director of the Corporation as they are full time executive officers of the Corporation.

The compensation of Raymond Laurin, member of the board of directors and chairman of the Audit Committee of Fiera Capital, is paid by the Desjardins Group. For the financial year ended December 31, 2014, he received a fixed annual compensation of \$30,000 for acting in such capacities. For the financial year beginning January 1, 2015, Mr. Laurin’s annual fixed compensation for acting in such capacities will remain unchanged.

Furthermore, Louis Vachon and Brian A. Davis both renounced receiving remuneration for their position as directors of Fiera Capital, given their positions as executive officers of National Bank, a shareholder and client of Fiera Capital.

The director compensation policy of Fiera Capital currently provides that every eligible director is entitled to a fixed annual compensation of \$50,000 (was \$30,000 in the financial year ended December 31, 2014). In addition to this retainer, the eligible directors are entitled to the following fees:

- \$1,500 for each meeting of the Board of Directors or committee attended in person;
 - regularly scheduled meetings attended by phone: \$1,000 (was 66% of rate applicable to meeting attended in person in the financial year ended December 31, 2014);
 - ad hoc meetings attended by phone: \$1,250 (was 75% of rate applicable to meeting attended in person) for the financial year ended December 31, 2014);

- \$10,000 per year for the Chair of any committee, excluding the Audit Committee (was \$5,000 in the financial year ended December 31, 2014);
- \$15,000 per year for the Chair of the Audit Committee (was \$10,000 in the financial year ended December 31, 2014); and
- \$20,000 per year for the Lead Director (was \$5,000 in the financial year ended December 31, 2014).

In addition to the foregoing, if, in the opinion of the Chairman of the Board of Directors, the Board of Directors or a committee has experienced or will experience an unusually high level of activity, designated eligible director shall be entitled to additional compensation.

Prior to the date of completion of the Arrangement, up to 100% of the retainer could be paid in the form of DSUs pursuant to the deferred share unit plan adopted by the Board of Directors during 2007 with the main purpose of strengthening the alignment of interest between the directors and the Shareholders of the Corporation, by linking a portion of annual director compensation to the future value of the shares of the Corporation (the “**2007 DSU Plan**”). Under the 2007 DSU Plan: (i) each director received on the date in each quarter which is three business days following the publication by the Corporation of its earnings results for the previous quarter, that number of DSUs having a value of up to 100% of such directors base retained for the current quarter, provided that a minimum of 50% of the base retainer must be in the form of DSUs (with an exception for non-Canadian resident directors); (ii) the number of DSUs granted to a director is determined by dividing the dollar value of the portion of the directors’ fees to be paid in DSUs by the closing price of the shares on the TSX for the business day immediately preceding the date of the grant; and (iii) at such time as the director ceases to be a director, the Corporation makes a cash payment to the director, equal to the market value of a share on the date of departure, multiplied by the number of DSUs held on that date.

Following the completion of the Arrangement, the Board of Directors of Fiera Capital adopted a new compensation policy for the directors of Fiera Capital and decided that no more DSUs would be granted to directors under the 2007 DSU Plan unless otherwise resolved by the Board of Directors, provided that outstanding DSUs held by three directors of Fiera Capital at such time would remain outstanding and continue to be governed by the 2007 DSU Plan.

MAJORITY VOTING POLICY

Fiera Capital Corporation Majority Voting Policy

The Board of Directors of Fiera Capital Corporation (the “**Corporation**”) believes that each of its members should carry the confidence and support of its shareholders. To this end, the directors have unanimously adopted this majority voting policy. Future nominees for election to the Board will be asked to subscribe to this policy before their names are put forward.

Forms of proxy for the vote at a shareholders’ meeting where directors are to be elected will enable the shareholder to vote “for” or to “withhold” from voting, separately for each nominee. At the meeting, the Chairman of the Board will call for a vote by ballot and the scrutineers will record with respect to each nominee the number of shares in his or her favour and the number of shares withheld from voting. Prior to receiving the scrutineers’ report on the ballot, the Chairman of the Board may announce the vote result based on the number of proxies received by the Corporation. After the conclusion of the meeting, the results of the vote will be disclosed publicly.

If, with respect to any particular nominee, the number of shares “withheld” exceeds the number of shares voted “for” the nominee, then for purposes of this policy the nominee shall be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law.

A person elected as a director who is considered under this test not to have the confidence of the shareholders is expected forthwith to submit to the Board of Directors his or her resignation, to take effect upon acceptance by the Board of Directors.

The Governance Committee (the “**Committee**”) will promptly consider the resignation submitted by a director receiving a greater number of votes “withheld” from his or her election than votes “for” his or her election, and the Committee will recommend to the Board whether to accept the tendered resignation or reject it. In considering whether to accept or to reject the tendered resignation, the Committee will consider all factors deemed relevant by the members of the Committee including, without limitation, the stated reasons, if any, why shareholders “withheld” votes for election from such director, the length of service and qualifications of the director whose resignation has been tendered and the director’s contribution to the Corporation.

The Board will act on the Committee’s recommendation no later than 90 days following the date of the shareholders’ meeting where the election occurred. In considering the Committee’s recommendation, the Board will consider the factors considered by the Committee and such additional information and factors the Board believes to be relevant. Following the Board’s decision on the Committee’s recommendation, the Corporation will promptly publicly disclose the Board’s decision whether to accept the resignation as tendered in a press release.

To the extent that one or more director’s resignations are accepted by the Board, the Committee will make a recommendation to the Board to fill such vacancy or vacancies, subject to the board nomination rights that certain shareholders may be entitled to under contractual agreements.

Any director who tenders his or her resignation pursuant to this provision will not participate in the Committee’s recommendation or Board consideration regarding whether or not to accept the tendered resignation. If a majority of the members of the Committee received a greater number of votes “withheld” from their election than votes “for” their election at the same election, then the independent directors who are on the Board who did not receive a greater number of votes “withheld” from their election than votes “for” their election (or who were not standing for election) will appoint a Board committee amongst themselves solely for the purpose of considering the tendered resignations and will recommend to the Board whether to accept or reject them. This Board committee may, but

need not, consist of all of the independent directors who did not receive a greater number of votes “withheld” from their election than votes “for” their election or who were not standing for election.

This policy applies in an uncontested election of directors (i.e., an election where the only nominees are those recommended by the Board of Directors) and does not apply in any case where the election involves a proxy battle.

This majority voting policy will be summarized in each management information circular relating to an election of directors of the Corporation.

(Adopted on March 20, 2013)

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Canadian Securities Administrators (the “CSA”) adopted National Instrument 52-110 — *Audit Committees* (“**NI 52-110**”). NI 52-110 sets forth certain requirements regarding audit committee composition and responsibilities, as well as reporting obligations with respect to audit-related matters.

The CSA also adopted National Instrument 58-101 — *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 — *Effective Corporate Governance* (“**NP 58-201**” and, together with NI 52-110 and NI 58-101, collectively the “**CSA Corporate Governance Standards**”). NP 58-201 provides guidance to Canadian issuers with respect to corporate governance practices, while NI 58-101 requires issuers to make certain disclosures regarding their governance practices. The CSA Corporate Governance Standards, particularly NI 58-101 and NP 58-201 are the primary source of codified recommendations in respect of corporate governance practices in Canada.

In accordance with NI 58-101, we are required to disclose information with respect to our system of corporate governance.

We are of the view that adopting and implementing good corporate governance practices is a cornerstone of our corporate and management practices and policies and that our existing corporate governance practices already meet the prevailing corporate governance standards. We further believe that the measures we have adopted with respect to corporate governance comply substantially with the CSA Corporate Governance Standards.

We encourage our Shareholders to consult our Code of Conduct available on SEDAR at www.sedar.com and also available in print to any Shareholder who requests copies by contacting our Corporate Secretary.

Fiera Capital’s Corporate Governance Practices

1. Board of Directors

- | | |
|----------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) Disclose the identity of directors who are independent. | Of the current twelve (12) members of our Board of Directors, seven (7) are independent within the meaning of NI 58-101, namely Brian A. Davis, Arthur R.A. Scace, David R. Shaw, Louis Vachon, Denis Berthiaume, Raymond Laurin and Jean C. Monty. If all proposed nominees are elected, out of twelve (12) members of our Board of Directors, seven (7) will be independent. |
| (b) Disclose the identity of directors who are not independent, and describe the basis for that determination. | Each of Jean-Guy Desjardins, Sylvain Brosseau, and David Pennycook does not qualify as independent within the meaning of NI 58-101, as each is a member of management of Fiera Capital. Further, Lise Pistono, being Vice-President and Chief Financial Officer of DJM Capital Inc., a related party of the Fiera Capital, is deemed not to be independent under NI 52-110. Todd M. Morgan is not independent under NI 52-110 as he is an employee of Fiera Capital or a subsidiary thereof. |

CSA Guidelines

Fiera Capital's Corporate Governance Practices

- (c) Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors does to facilitate its exercise of independent judgment in carrying out its responsibilities.

- (d) If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

- (e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.

- (f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.

- (g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

See above. Seven (7) of our twelve (12) current directors are independent. The proposed nominees for election to our Board of Directors are all the same individuals as our current directors.

Jean C. Monty is a member of the board of directors of Alcatel Lucent SA and Bombardier Inc.

Louis Vachon is a member of the board of directors of National Bank of Canada and Molson Coors Brewing Company.

Although Fiera Capital does not schedule meetings of the independent directors outside the presence of management on a regular basis, the directors of Fiera Capital believe it is a good governance practice to hold *in camera* meetings of the independent directors from time to time and the independent directors have held *in camera* meetings five (5) times in the last financial year.

Jean-Guy Desjardins is Chairman of the Board of Directors and is not independent within the meaning of NI 58-101 as he is also a member of management of Fiera Capital. However, the Board of Directors appointed David R. Shaw, an independent director, as lead director. The role of the lead director is to facilitate board operations independently of management and to maintain and improve the quality of governance. Among other things, he acts as arbitrator for matters of internal policies and coordinates with the Chairman of the Board the information to be provided to the independent directors and ensures that such information is reliable, and chairs the meetings of independent directors.

The table below indicates the directors' record of attendance at meetings of the Board of Directors and its committees during the financial year ended December 31, 2014.

On an annual basis, administered by the Governance Committee, each director completes two self-assessment questionnaires. It also considers the composition of the group of nominees, to best bring together a selection of candidates allowing the Board to perform efficiently and act in the best interest of the Corporation and its stakeholders.
